Third round of talks with farmers today

Union leaders ask the protesters not to precipitate matters till meeting with govt in the evening is over

HARPREET BAJWA @Chandigarh

LEADERS of the protesting farmers on Wednesday agreed to hold talks with the Centre the next evening and decided against any further escalation till then. They advised participants of the Dilli Chalo protest not to precipitate matters.

The day began with reports of scuffle between protesters and the Haryana Police at the Shambhu and Khanauri interstate borders. The police used drones to drop the gas canisters, which became an contentious inter-state issue.

On top of the talks agenda is the demand for a legal guarantee to the minimum support price mechanism for procurement of agricultural produce.

After a meeting with Punjab police officials in the evening, Kisan Mazdoor Sangharsh Committee general secretary Sarwan Singh Pandher and Bharat Kisan Union (Ekta Sidhupur) president Jagjit Singh Dallewal said: "The third round of talks will be held with Union ministers Arjun Munda, Piyush Goyal and Nityanand Rai tomorrow evening at Chandigarh. Till then, we request everyone else to make the atmosphere conducive."

"It has been projected as if we want to break into Haryana and create lawlessness but it is not true," he said. He also requested the government to reciprocate by stopping tear gas use.

Punjab BKU (Ekta-Ugrahan) decided to disrupt railway traffic at seven places in the state between 12 noon and 4 pm to protest tear gas shelling.

In Haryana, farm leader Gurnam Singh Charuni criticised the police action and called a meeting of his union on Thursday to discuss the situation.

Prime Minister Narendra Modi at the inauguration of the BAPS Hindu Mandir in Abu Dhabi, UAE | PTI

1st UAE TEMPLE SYMBOL OF HARMONY, SAYS MODI

YESHI SELI @New Delhi

THE United Arab Emirates, which was hitherto known for its high-tech buildings such as Burj Khalifa, is going to be famous for its interfaith harmony and cultural identity, Prime Minister Narendra Modi said on Wednesday as he inaugurated Abu Dhabi's first Hindu temple. "A large number of devotees will come here... This will also increase people-to-people connections," he said.

Profusely thanking UAE President Sheikh Mohammad Zayed Al Nahyan for making the grand temple a reality, PM said the gracious gesture has won the hearts of 140 crore Indians.

"I am fortunate that last month I was able to witness the Ram temple consecration in Ayodhya... I am fortunate to be in Abu Dhabi to witness the inauguration of this temple," he added.

CHEERS RETURN

Ban on liquor sale only on Feb 16, 20

ENS @Bengaluru

OBSERVING that the ban on sale of liquor on days other than polling and counting of votes is excessive, the High Court of Karnataka on Wednesday confined it only to the days of election and counting from 6am to midnight in Bengaluru Urban district on February 16 and 20.

Justice SR Krishna Kumar passed this interim order after hearing a petition filed by the Bruhat Bengaluru Hotels' Association and others. P7

Uproar in Houses over life threat to MLA

EXPRESS NEWS SERVICE @Bengaluru

FORMER city corporator SH Padmaraj was arrested on Wednesday for allegedly issuing life threat to BJP MLA **K Gopalaiah** and his family members.

The issue led to a ruckus in the Legislative Assembly. Meanwhile, Padmaraj, who was released on bail, made explosive allegations that he had paid Rs 1 crore to Leader of Opposition in the Legislative Assembly R Ashoka for Bengaluru mayor's post.

Gopalaiah filed a complaint with Kamakshipalya police alleging that Padmaraj, the ex-corporator of Basaveshwara Nagar ward, called him around 11pm on Tuesday and threatened him with dire consequences and told him to return his money. Following the complaint, the police booked Padmaraj for intentional insult to provoke breach of peace and criminal intimidation and arrested him.

Later, he was produced before a city court, which granted him bail. Padmaraj, who was with BJP and worked closely with Gopalaiah, joined Congress in April 2023.

Sonia files for RS, buzz now on Priyanka

PREETHA NAIR @New Delhi

ENDING her 25-year-long innings in the Lok Sabha, Congress leader Sonia Gandhi on Wednesday filed nomination papers for the upcoming Rajya Sabha polls from Rajasthan.

The formal announcement of Sonia's candidacy was made by the party after her arrival in Jaipur on Wednesday morning.

Accompanied by Rahul Gandhi, Priyanka Gandhi and some party leaders, Sonia filed the papers in the state assembly building around noon. She will be succeeding former Prime Minister Manmohan Singh, who is set to retire in April. Sources attributed Gandhi's shift to the Upper House to her 'poor health'.

The 77-year-old will now be vacating Raebareli Lok Sabha seat in Uttar Pradesh. The move also sparked speculation of Priyanka's Lok Sabha debut this year from the family bastion, five years after she entered active politics in 2019.

BJP re-nominates Nadda, Vaishnaw and L Murugan

The BJP on Wednesday re-nominated the party's national president J P Nadda and Union ministers Ashwini Vaishnaw and and L Murugan as Rajya Sabha candidates from Gujarat, Odisha and MP, respectively | P11

Congress names Maken, Hussain, Chandrashekar to RS from K'taka

EXPRESS NEWS SERVICE @Bengaluru

THE AICC has cleared its list of candidates from Karnataka for the Rajya Sabha elections on February 27. Former union minister Ajay Maken from Delhi is among the three nominees. Of the four vacant seats from Karnataka, the Congress can win three easily with the support of 135 MLAs.

The party high command has chosen Maken, AICC treasurer, as it wants him to fight the BJP in the RS. Sitting RS member Dr L Hanumanthaiah, a Dalit ideologue, has been denied renomination. Syed Naseer Hussain, considered as AICC president Mallikarjun Kharge's man Friday, and GC Chandrashekar are the other Congress nominees from the state.

"Chandrashekar was made coordinator for Rahul Gandhi's Bharat Jodo Yatra in Karnataka and KPCC's bus yatra by senior leader Siddaramaiah and KPCC president DK Shivakumar. The party high command selected him in recognition of his work," a leader said. P4

> The party will conduct another survey to finalise candidates for the LS polls. Anyone can contest as the party is looking at the winnability factor
>
> DK Shivakumar, Deputy CM

It's time that by an ordinance BDA must be closed: HC CJ

EXPRESS NEWS SERVICE @Bengaluru

CONSIDERING the plight of site allottees and those who have lost their land to layouts formed by the BDA , Chief Justice of the High Court of Karnataka PS Dinesh Kumar said, "Speaking for myself, it's time that by an ordinance BDA must be closed." A division bench comprising Chief Justice Dinesh Kumar and Justice TG Shivashankare Gowda was hearing a petition filed by one Muddegowda, whose 18 guntas of land was acquired by the BDA for Sir MV Layout without paying him compensation.

Narrating the plight of the land loser to BDA Commissioner N Jayaram, who was in the court, the Chief Justice said the land was taken away in 2003 without issuing any acquisition notification. The landowner claims that he lost 18 guntas in 2003 whereas the BDA says that it has taken only 15 guntas. "If that is the case, you could have given him compensation. Now in 2024, after 21 years, BDA wants to conduct a survey to find out the exact land taken. If so, what can a citizen do in this country? Suppose, if you (commissioner) are a landowner, what will you do?" the CJ questioned Jayaram. P2

> We are pained because the citizen has been waiting for 21 years, not even getting one paisa for his land. Commissioner, we are not finding fault with you, but are commanding in a requesting tone, pull up your officers
>
> PS Dinesh Kumar, CJ of K'taka HC

METRO PHASE-II LAND PURCHASE COST GOES UP BY ₹438 CRORE

Overall cost revised to Rs 30K cr in 2021 from original Rs 26K cr

S LALITHA @Bengaluru

BENGALURU Metro's Phase-II project's land acquisition cost has gone up by Rs 438.26 crore. Widening of roads, addition of a depot and a station and service roads have forced Bangalore Metro Rail Corporation Ltd (BMRCL) to acquire an additional 44 hectares of land, jacking up the cost.

The overall cost of the 72-km network was revised to Rs 30,695 crore in 2021 from the original Rs 26,405 crore.

"The land acquisition cost has been revised to Rs 6,293.16 crore. We have acquired 128.36 hectares of land as against the proposed 84.33 hectares," a senior BMRCL official told TNIE.

Several reasons contributed to the increase in the land required for the project, he said. "As per the Detailed Project Report (DPR), Reach-2 extension on the West was to end at Kengeri station. However, one more station (Challaghatta) was added," he said.

Only one depot was proposed for East-West extension on 12 hectares of land. However, 18.93 hectares of land was acquired for it. "One more depot on the eastern side of the East-West extension has been proposed at Kadugodi (Whitefield) for which 18.11 hectares of forest land has been acquired," he said. The DPR did not consider the land required for widening the road on two of its reaches - Reach 1E extension (Baiyappanahalli to Kadugodi) and Reach 4 extension (Yelachenahali to Silk Institute). "The road between KR Pura and Garudacharpalya stations was only 2+2 lane. It was decided to widen the road so that this 2+2 lane would still be maintained even during construction work," the official said.

> Most part of the land acquired will go for a new service road from Central Silk Board to Bommasandra
>
> BMRCL official

The road was widened on Reach-4 extension and elevated portion of Reach-6 (Kalena Agrahara to Nagawara), he added. Again, in the case of Reach-5 line, the DPR had made provision for 5,147 square metres of land for a viaduct and 87,410 sqm for stations. However, BMRCL had to acquire 79,620 sqm of land, he pointed out.

"Most part of the land acquired will go for a new service road from Central Silk Board to Bommasandra as the viaduct is located on the existing service road of the national highway. In all, 14.13 hectares of land has been acquired for a depot as against the original plan for 12 hectares, the official said.

The land acquired near Benniganahalli BMRCL for its Phase-II project

Farmers pin hope on more allocation for irrigation, loan waiver

K SHIVA KUMAR @ Mysore

Even as farmers are on the warpath to lay siege to Delhi, demanding legal sanctity for minimum support prices of agricultural produce, farmers in Karnataka have high expectations that Chief Minister Siddaramaiah will make the farm sector lucrative.

Farmers want the government to come up with long-term solutions which focus on thrust areas like agriculture and irrigation, and want the government to announce time-bound programmes and implement the Karnataka Agriculture Price Commission and TN Prakash Kammaradi recommendations, so farmers don't end up with losses.

MY DREAM BUDGET
AGRICULTURE

Copra farmers are expecting the announcement of an increase in MSP prices, a cold storage in drought-affected districts of Chitradurga, Kittur and Kalyana Karnataka, setting up of a distillery in MySugar factory and promoting floriculture in a big way to tap the international market.

Farmers are not happy with the transfer of Rs 2,000 to their accounts towards drought relief, and want the government to pay Rs 40,000 per acre as relief in the Cauvery basin, as discharge of water from the KRS has snatched their livelihood.

Apart from MSP and market intervention, farmers hit hard by drought are demanding a farm loan waiver. They want a Farmers' Debt Relief Committee to be set up on the lines of the Kerala government, to study the problems they are facing, distress and debt, and to stop them from committing suicide.

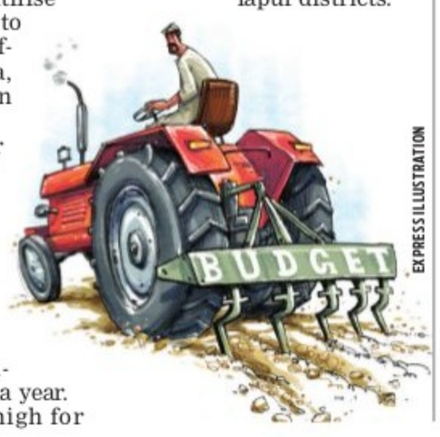
The farming community wants concrete programmes to expedite irrigation projects like the Upper Bhadra Project to utilise 29.9tmcft of water to irrigate drought-affected Chitradurga, and fill up tanks in Tumakuru district.

Farmer leader Echagatta Siddaveerappa, who is on an indefinite stir for the Upper Bhadra project, wants the State and Centre to stop blaming one another, and complete the project in a year. Expectations are high for the Upper Krishna Project 3rd Stage, to increase the height of the Almatti dam from 519ft to 523ft, which will increase water storage capacity by 130 tmcft that will irrigate 6lakh acres in Kittur and Kalyana Karnataka region. Though the water-sharing dispute between Telangana and Andhra Pradesh is pending before the apex court, the Karnataka government should set aside Rs 20,000-30,000 crore to take up land acquisition and rehabilitation of 22 villages falling in Bagalkote, Vijayapura and Gadag districts, and CM Siddaramaiah should prevail on the Centre to issue the notification.

The government should also exhibit political will to get forest, environmental and wildlife clearance for execution of the Mahadayi project, to utilise 3.93tmcft of water allocated to Karnataka, other than executing the lift irrigation project in Kabini-Cauvery and Krishna basins, rather than dragging its feet on the ambitious projects.

Expectations are high that the Mekedatu balancing reservoir project will be constructed, with a storage capacity of 67tmcft to meet drinking water needs of Bengaluru and other districts. The survey carried out by the forest and revenue departments is almost complete, and the government should provide funds for the rehabilitation of landlosers for the proposed project in Mandya, Chamarajanagar and Ramanagara districts.

While farmers in Mysuru and Chamarajanagar districts want the Kabini second phase, tank filling projects have given a big push, and there is growing demand to set up a third treatment plant for the Koramangala-Challaghatta Valley project that covers both Kolar and Chikkaballapur districts.



EXPRESS ILLUSTRATION

CMR UNIVERSITY HOSTS 8TH CONVOCATION

Bengaluru: CMR University hosted its 8th annual convocation ceremony on Wednesday. About 64 students were conferred with gold medals by Padma Bhushan recipient and former director of the Indian Institute of Science (IISc) Professor P Balaram. He encouraged students to recognize nature as humanity's greatest asset and urged them to prioritize environmental care alongside academics, emphasizing the importance of using their education to uplift society. Tatvamasi Dixit, renowned vedic scholar and president of the Family Business Research International Centre (FABRIC) was presented a doctorate for his contributions to vedic and shastra studies. Besides, about 1,500 students were conferred graduation certificates who completed bachelor's and master's degrees during the 2022-23 academic year. Dr KC Ramamurthy, former Rajya Sabha member, who was the guest of honour, emphasized the importance of students integrating values they acquire at the graduation level into their lives. He highlighted that this integration is essential for their transformation into valuable contributors to the society.

DEMAND FOR RS 11.5 CR

BBMP seals Rockline Mall over tax dues

EXPRESS NEWS SERVICE @Bengaluru

CRACKING the whip against tax defaulters over non-payment of tax, Bruhat Bengaluru Mahanagara Palike (BBMP) on Wednesday sealed Rockline Mall, owned by film producer Rockline Venkatesh.

According to officials from the BBMP Revenue division, the mall located in Dasarahalli zone has outstanding dues of Rs 11.51 crore pending from 2011 to 2022-23. "We had sent the demand notice for payment of outstanding tax but dues were not paid, hence we were directed to seal the building," a senior revenue official said.

To ensure there was no altercation during the process, the mall was cordoned off with sufficient manpower, including BBMP marshals. Dasarahalli Zonal Commissioner Preeti Gehlot, Zonal Joint Commissioner Balasekhar, other zonal and revenue officers, police staff, marshals and other officers were present.

Reacting to the development, Rockline Venkatesh termed the action as 'harassment' by BBMP. He said he had approached court which had directed him to pay Rs 1.90 crore, following a joint survey, and he had made the payment. "Last evening, a few officers came to the mall and gave some notices to the mall authorities," said Venkatesh. He claimed he has obtained all documents from the BBMP and is paying taxes as per rules.

Pubs, bars revise details, tell patrons

EXPRESS NEWS SERVICE @Bengaluru

SOON after the Karnataka High Court passed an order limiting liquor ban to only two days — on the day of polling (February 16) and the subsequent counting day (February 20) owing to the Bengaluru Teachers' Constituency election, pubs, bars and restaurants serving liquor saw a rise in bookings. Many also revised the details on their websites and took to social media to inform the customers.

According to the Bengaluru Wine Merchants Association, there are 3,700 outlets having excise permission in Bengaluru. In two days, they are looking at a sale of Rs 4-5 crore. "We have only conveyed the order to all the members and outlets. To allow or deny the sale of liquor is left to the individual firms to implement," said PC Rao, president, Bruhat Bengaluru Restaurants Association.

Visit BDA office in disguise to know situation: HC to commissioner

CONTINUED FROM PAGE 1

When the commissioner tried to explain about the earlier litigations, the CJ said,

"What we are asking you is to change your horizon of thinking about the litigations. It is very easy to write orders in an air-conditioned chamber. Such a facility is provided from the date IAS officers are in Mussoorie (where the academy training IAS officers is situated) and also when we are appointed here and it is easy for us to write to approach the competent forum one after another. We don't know what background you have come from, but we are from an agricultural background...How will you solve the practical problems? We are pained because the citizen has been waiting for 21 years, not even getting one paisa for his land. Commissioner, we are not finding fault with you, but are commanding in a requesting tone, pull up your officers." The CJ suggested to the commissioner to visit the BDA office in disguise to know the practical situation there.

"People are not allowed inside the office. There are hundreds of agents to get the work done and people are shooed away... The Karnataka State Legal Services Authority receives very painful letters from 70-80 years old people. You must have an action plan to address the issues being faced by citizens. Sorry to have called you, but we just wanted you to know... People don't get sites even after 6 or 7 attempts. Once they get them, khata issues crop up. Apply your mind, do something, and you will get good wishes from people," the CJ told the commissioner.

Daily Starscope

PETER VIDAL

15TH February : I have been talking about the Moon. We all think it has a pronounced effect on human behaviour. It would be astonishing if it didn't. However, a hundred scientific studies have failed to come up with decisive evidence. I think that's probably because a lot of scientists are biased – some in favour of a Lunar effect, others against. It's all most confusing!

ARIES (Mar 21 - Apr. 20)
Have other people been dragging their heels or simply giving you the runaround? Either way, you may have good cause to grumble. However, the question to be carefully considered is whether you should keep your complaints to yourself and be diplomatic.

TAURUS (Apr. 21 - May 21)
Once upon a time many of your ambitions seemed destined to remain distant dreams for ever. As the dust settles you'll see that so much more may now be attainable. The price of freedom is often high but, as time passes, you will see that recent tough decisions put you on the right course.

GEMINI (May 22 - June 21)
Financial muddles may only have added to the general air of confusion, yet there does seem to be considerable hope that matters are about to improve. The answer may lie in new partnerships, perhaps with people who are prepared to back you rather than find fault at every turn.

CANCER (June 22 - July 23)
Everything that happens to you, and most of your responses, should be seen as part of a larger pattern. Unlikely events may be viewed as stepping stones to a brighter, happier, freer future. You are still juggling a variety of possibilities, so understand that complications are inevitable.

LEO (July 24 - Aug. 23)
The Sun, which always has a significant role in your life, is helping you develop certain of your more adventurous aspirations. In short, it's a superb time to organise an overseas trip, or explore ideas and beliefs which are very different from those you've accepted in the past

VIRGO (Aug. 24 - Sept. 23)
Mercury's current motion brings various possibilities to the fore. One is the need to develop your mind by taking up new interests. Another concerns the pleasure and stimulation you will receive from foreign travel, or from contacts with people from distant places.

LIBRA (Sept. 24 - Oct. 23)
Why don't you back your instincts and hunches to the hilt? True, other people will have useful things to say, but looking at the next few days it becomes clear that you will have to keep your own counsel. Perhaps partners are just not ready to hear what you have to say.

SCORPIO (Oct. 24 - Nov. 22)
Your planetary rulers, Mars and Pluto, are looking horns. This is a sign that there is a great need for compromise. You may be correct to stand your ground over matters of principle, but equally right to be diplomatic over the details. It could be in your best interests to find some sort of amicable solution.

SAGITTARIUS (Nov. 23 - Dec. 22)
You may still feel as if you're riding an emotional roller-coaster, although it now seems as if recent planetary storms are dying down. Why don't you stand back and attempt to take a critical and dispassionate look at your deeply-held attitudes and opinions?

CAPRICORN (Dec. 23 - Jan. 20)
This week's planetary patterns, notably the intense relationship between Mars and Pluto, are of the kind that can rock the boat and make you feel slightly nervous about the future. Don't worry, though. Your trust has certainly not been misplaced.

AQUARIUS (Jan. 21 - Feb. 19)
If you run into any problems with a partner or loved one, don't blame the world at large or retreat behind a mask, giving the impression that you don't care. Pretending that you don't feel as you do could serve no purpose, so be honest about your desires.

PISCES (Feb. 20 - Mar 20)
The planets do not move significantly, so don't expect much change just yet. You will do your best by continuing along your present path, dealing with commitments and responsibilities left over from yesterday, or even from last year. The past may be almost over but it's not completely gone.

The Council broke into a din when Congress MLC UB Venkatesh, replying to governor's address on Wednesday afternoon, said there is a deliberate step-motherly treatment meted out to the state by the Centre on allocation of funds. The House was adjourned and reconvened after lunch, but the chaos continued, and Chairman Basavaraj Horatti adjourned the House till Thursday morning

Crime rate spiked under Cong govt: Ashoka

Says Bengaluru has become crime capital, especially in cybercrimes

EXPRESS NEWS SERVICE
@ Bengaluru

LEADER of Opposition in the Assembly R Ashoka on Wednesday alleged that law and order in the state has collapsed under the Siddaramaiah-led Congress government, with Bengaluru emerging as the "crime capital", especially in cybercrimes.

"Crimes increased by 25-30 per cent, with 1,80,742 cases reported last year. It increased by 40 per cent compared to our previous BJP government. Cases of violence against senior citizens have increased by 56 per cent. The state ranks third in cases of violence against women. Bengaluru is becoming the crime capital and in cybercrime alone, Rs 432 crore has been looted in a single year. Bengaluru is turning from a safe city to crime city," he said in the Assembly, quoting from the National Crime Records Bureaureport.

He alleged that terrorist activities have been unfettered with the government withdrawing 1,600 cases against KFD and PFI, boosting the morale of anti-social elements. "The National Investigation Agency is raiding terrorist hideouts in the state and arresting suspects," he said, adding that the state intelligence agency has failed on many occasions.

He alleged that the Congress government timed the arrest of Karsevak Srikanth Pujary in Hubballi to the consecration of Ram temple in Ayodhya.

"Pujary was arrested 31 years after he was booked for being a Karsevak when most accused in the case were already acquitted. It was a deliberate act by the government to discourage karsevaks in the state from attending the consecration," he alleged. He said he himself is a proud karsevak and even Sunil Kumar has cases against him.

Ministers Priyank Kharge, MB Patil and others told Ashoka not to compare Pujary, who has several criminal cases against him including gambling, with Sunil Kumar. Ashoka replied that even Rahul Gandhi has cases against him, while Sunil Kumar pointed at Deputy Chief Minister DK Shivakumar, who is facing Enforcement Directorate charges.

He said the residents of Keragodu had installed a flag post on their own by taking permission from the authorities to hoist a Hanuma Dhwaja. "They were engaged in the work for over a month prior to flag hoisting, but the government raked up the issue only when the flag was hoisted. The authorities violated the protocol by hoisting the national flag at 3 am after removing the Hanuma Dhwaja," he alleged.

Hitting back, Agriculture Minister N Chaluvarayaswamy said BJP tried to disturb peace and harmony in Mandya for political gains.

Chaos in House over Hanuman flag issue

BENGALURU: The Opposition BJP and JDS and Ruling Congress members created a ruckus in the Assembly on Wednesday over the Keragodu Hanuman dhwaja incident reported in January this year. Leader of Opposition in the Assembly R Ashoka alleged that the gram panchayat had passed a resolution and approved to hoist the flag. "This is not correct. The organisers had not sought any permission to hoist the Hanuman flag. They had sought permission to erect the flagpole. Permission was granted on certain conditions. The trust too had given consent in writing that they will not hoist any other flag other than the national flag," Mandya district minister N Chaluvarayaswamy said while responding to Ashoka. Chaluvarayaswamy further said that the Keragodu incident caused damage to government property. Meanwhile, Mandya MLA Ravi Ganiga alleged that those who created chaos at Keregodu are not the village's residents. "They are from Mangaluru and Chikkamagaluru," he said. Irked by this, BJP members from Dakshina Kannada created a ruckus.

Cong rule has pushed state back by 20 years: BYV

BENGALURU: Karnataka BJP president BY Vijayendra alleged that the state has gone back by 20 years ever since the Congress returned to power eight months ago as there is no development. Speaking on the Governor's address, Vijayendra, who is also MLA for Shikaripura, said that the Governor's speech should reflect the vision of the government. "In order to hide their failures, the State Government has made the Governor lie," Vijayendra said. He also said that the government made the Governor say that despite a severe drought, farmer suicide cases had dipped in Karnataka. Farmers are unable to lead a decent life because of the Congress, he added.

'Suresh Kumar also faced similar threat'

CONTINUED FROM PAGE 1

NARRATING the incident in the Assembly, Gopalaiah said, "Padmaraj telephoned me in an inebriated state around 11pm on Tuesday and demanded money. Soon, I approached the DCP, ACP and the local police inspector. Though police personnel went to his house, he didn't open the door and managed to escape at 10 am on Wednesday."

Gopalaiah said former minister S Suresh Kumar also faced a similar threat from the accused. Suresh Kumar said he and Ashoka were Padmaraj's victims. "One can imagine his arrogance. Holed up in his house, the accused managed to get the backing of certain leaders," Suresh Kumar said and alleged that the police were inefficient.

Speaker UT Khader, expressing solidarity with Opposition leaders, said if the police failed to arrest Padmaraj by evening, the jurisdictional inspector would be suspended.

As pressure mounted on the government, Home Minister Dr G Parameshwara, who was in the Legislative Council, rushed to the Assembly and said the accused would be arrested soon. Even as he was making his statement, he got information that the accused was arrested, which he announced on the floor of the House.

Meanwhile, coming out of the court premises, Padmaraj said that he did not issue any life threat to Gopalaiah. An argument broke out between him and Gopalaiah over Rs15 lakh, which he had reportedly given for some civil contract work, Padmaraj told reporters.

He alleged that he had given Rs 1 crore to Ashoka in 2010 when he (Padmaraj) was with the BJP. "Ashoka took the money promising that I will be made Bengaluru Mayor. But it didn't happen. Nagendra, MLA from Mysuru, brokered the deal. You can ask him also," Padmaraj said.

Even the Upper House witnessed a heated debate between Congress and BJP members over the issue. Opposition MLCs raised the issue and demanded that the home minister make a statement. When RDPR Minister Priyank Kharge said that the home minister had spoken about it in the Lower House, BJP leader K Srinivas Poojary said they were not satisfied with his reply.

Former chief minister Basavaraj Bommai inaugurates newly-built classrooms at a government school in Shiggaon on Wednesday | EXPRESS

Former CM questions delay in '40%' probe

EXPRESS NEWS SERVICE
@ Hubballi

FORMER chief minister Basavaraj Bommai has taken serious exception to the state government allegedly delaying investigation into the 40-per cent commission graft charge, and demanded that the probe be undertaken and completed soon.

Addressing reporters in Haveri on Wednesday, Bommai informed that even the Karnataka High Court had observed that the incumbent Congress government has delayed probing the 40-per cent commission charges made against the previous BJP government, and asked the current dispensation to submit the probe report within six weeks.

"The court has also opined that it would be forced to give orders to the government to release funds, as it was buying time to make payments to contractors under the garb of commission, since its coffers are empty. The government must set aside its shame and wake up," he added.

Reacting to Contractors' Association president Kempanna's U-turn on the commission charges he made against the Congress government, the BJP leader stated that he (Kempanna) was under pressure from the state government. All development works have come to a standstill in the state, and the current government is without development, he added.

Bommai alleged that the state government also made the Governor tell lies, claiming credit for all the good work done by his previous government. "This shows that there has been no development in the state in the last eight months. All issues, including the Hangal rape case and the collapse of law and order, would be discussed in the session," he said.

MPs, ministers mum on injustice done to state: CM

EXPRESS NEWS SERVICE @ Bengaluru

CHIEF Minister Siddaramaiah on Wednesday said they cannot accept the presidential form of government like in the US or China, as they have accepted democracy and a federal system of governance. Taking part in an interaction about the state's taxes on X, the CM said the state has been treated unfairly in the 15th Finance Commission as its tax share was reduced to 3.6 per cent, from 4.71 per cent in the 14th Finance Commission. The state suffered a big blow in tax distribution in five years and lost Rs 1,87,000 crore. "We get only Rs 12-13 for every Rs 100 of tax we pay," he said.

The Finance Commission had recommended a special grant of Rs 11,495 crore, including Rs 6,000 crore for the Bangalore Peripheral Ring Road and development of lakes, he said. Finance Minister Nirmala Sitharaman, who was elected as a Rajya Sabha member from Karnataka, stopped it, he alleged.

Share in cess and surcharge must also be given to the states by amending the Constitution, he said, and added that the state's development is important to ensure the country's development. While UP got Rs 2,18,000 crore from the Centre, Karnataka got only Rs 52,000 crore, he said. The Centre can give money to UP and other states that have lagged in development, but not do injustice to Karnataka, he said. Siddaramaiah said MPs, including Union ministers from Karnataka, are not questioning the Centre against the injustice done to the state. The CM said they will keep fighting to strengthen the federal system.

Irregularities in registration, copra purchase suspended for a week: Min

ENS @ Bengaluru

Agriculture Marketing Minister Shivananda Patil on Wednesday said the procurement of ball copra at minimum support price (MSP) at centres set up at Agriculture Produce and Marketing Committees (APMCs) by the National Agricultural Cooperative Marketing Federation of India (NAFED) in the state will be suspended temporarily for a week because of irregularities in registering farmers.

"An inquiry has been ordered and nine NAFED officials, accused of committing irregularities, have been booked with criminal charges. The process of registering farmers will be revised and till then, the procurement will be stopped," he told the Assembly.

Instead of computers purchased by the department, officials and outsourced staff brought their own and took them to the doorsteps of farmers and registered them, he said, admitting to lapses. It was done to help traders and not farmers, he added. "It is most rampant in Hassan district, where 3,500 farmers from other districts were registered," he said. The Centre allows procurement of only 25 per cent of total production, but the state has requested for it to be increased to 50 per cent.

MLAs, B Suresh Gowda from BJP and KM Shivalinge Gowda of Congress, said the suspension of procurement will affect genuine farmers who have registered as the quality of copra gets deteriorated. Tiptur MLA K Shadakshari said the registration and procurement should start simultaneously.

472 PANCHAYAT OFFICIALS SUSPENDED FOR IRREGULARITIES: PRIYANK

BENGALURU: Opposition BJP MLCs on Wednesday pointed to certain panchayat officials who had collected over Rs 600 crore in taxes and cesses not remitting it to the government over the last 8-9 years. RDPR Minister Priyank Kharge said wherever it has come to his notice, he has taken action. In the short time he has been a minister, he has suspended an unprecedented 472 officials, he said. On officials not attending office, he said their salaries are being accordingly decided.

Tenders called for Sharavathi storage unit, no eco clearance yet

BOSKY KHANNA @Bengaluru

THE energy department has called for tenders for the Sharavathi pumped storage unit in Shivamogga, and aims to issue work orders in the first week of March.

However, the department is yet to obtain environmental clearance for the project. Officials said the application has been put on the Parivesh portal. It may be recollected that in December 2023, forest clearance was not given for the proposal when it was placed before the committee.

> I The state government is keen on implementing the project and has decided to take up work in two parts. Rejection by the forest committee is not a hindrance
>
> An energy department official

The department has proposed a 2000MW pumped storage power plant in Shavarathi Valley. Of the proposed 150 hectares of land required for implementing the project, 39.7 hectares fall inside forest patches in Sagar, Honnavar and Shivamogga wildlife divisions, including the Lion Tailed Macaque Sanctuary.

An energy department official, not wanting to be named, told *TNIE*: "Two things are being done simultaneously. We have applied in the Parivesh portal for environmental clearance and also called for tenders for the project. The tender process will end in February-end, and has been done to save time. Tenders have been called for engineering design, land procurement and construction. The initial design work does not need environmental clearance."

The official added that till environmental clearance is obtained, work on revenue land patches will start as it doesn't need clearance. "The state government is keen on implementing the project and has decided to take up work in two parts. Rejection by the forest committee is not a hindrance," the official added.

Sources in the environmental clearance committee said there is no proposal before them at the moment. "The proposal has to get clearance from the divisional officers concerned, and nothing has come forward so far. Since the forest clearance committee had not accepted it, details of the same need to be obtained and studied," the source said.

All Congress MLAs asked to support Rajya Sabha candidates

CM Siddaramaiah greets Congress candidates for Rajya Sabha from the state Syed Naseer Hussain, GC Chandrashekar, and Ajay Maken in Bengaluru on Wednesday

CONTINUED FROM PAGE 1

AFTER the LS elections, Dr Hanumanthaiah may be entrusted with some role in the Congress government, he said.

During the Congress Legislature Party (CLP) meeting on Wednesday, AICC general secretary in-charge of Karnataka Randeep Singh Surjewala felicitated Maken, Naseer and Chandrashekar. All Congress MLAs have been asked to support them.

Meanwhile, the AICC screening committee deliberated on the winnability of the shortlisted candidates from the state for Lok Sabha elections. "The party will conduct another survey to finalise candidates for the Lok Sabha elections. Anyone (including ministers) can contest the elections as the party is looking at the winnability factor," said Shivakumar, replying to a query on the chances of some ministers in the Siddaramaiah cabinet contesting the elections.

He said the committee reviewed the reports submitted by the party observers and workers and district in-charge ministers. "We have sought another survey to finalise the candidates. The list of candidates will be finalised after a meeting in New Delhi shortly," he added.

Shivakumar expressed the hope that the high command would finalise the list at the earliest so that the candidates could start campaigning in their constituencies early. He maintained that only the reports provided by various office-bearers were discussed. "Today, we submitted a formal report to the high command on the feedback received. It is confidential," he said.

'Give 2A reservation for Panchamasalis in LS polls'

EXPRESS NEWS SERVICE
@ Shivamogga

PANCHAMASALIS should be given 2A category reservation in the coming Lok Sabha elections or the consequences will be grave, said senior BJP MLA Basanagouda Patil Yatnal.

Yatnal addressed a protest meeting held at Gopi Circle here on Wednesday, demanding the state government to provide 2A category reservation for the Panchamasali sub-caste of the Lingayat community. Later, the community members took out a protest march in the city, led by Basava Jayamrithyunjaya Swami, seer of Panchamasali Peetha of Kudalasangama.

Yatnal said the protest is not for any political gain, but for the development of the community. This protest aims to raise the voice for reservation of Panchamasalis and several other downtrodden castes, he added.

Yatnal said many people conspired to spoil the movement launched by Basava Jayamrithyunjaya Swami. A minister from the same community tried to lure the seer by offering Rs 10 crore to stop the movement. However, the seer refused the offer stating he is not ready to sell the Panchamasali community at any cost, he stated.

"I am not lobbying with the seer for any prominent posts in politics. Many have tried to ruin my political career in the last Assembly election, yet I emerged victorious," he said.

Panchamasali Peetha seer Basava Jayamrithyunjaya Swami takes part in a rally in Shivamogga on Wednesday

Many have termed the movement as an act of dividing the Lingayath community, however, it is an attempt to provide justice to the community, Yatnal observed. The reservation will provide education and job reservation to poor students of the Panchamasali community.

"Chief Minister Siddaramaiah will be asked to induct Panchamasalis under 2A category. If he fails to provide a suitable solution, a statewide agitation will be launched," he added.

Basava Jayamrithyunjaya Swami said some political leaders who came to power in the name of the community have failed to provide reservation to the community. Panchamalis should be given 2A category reservation within the coming Lok Sabha election, or else the community will vote for those candidates who support the movement in the coming polls.

"The movement is not against or in favour of any political party," the seer added.

Last date to apply for 'Swavalambi' scheme extended

BENGALURU: The state government has extended the 'Swavalambi' scheme, under which 20 per cent financial assistance is given on a loan of up to Rs 5 lakh to self-employed Brahmins, till February 25. The last date for applying for the benefits under the scheme was January 31. However, to benefit more people, the government has extended the last date to February 25. Self-employed youths from economically weaker Brahmin families, who have availed loans up to Rs 5 lakh from nationalised banks to set up businesses, can apply.

A body of an unidentified man, aged around 45, was found inside Sankey Tank on Wednesday morning. After passersby noticed the body, they informed the police, who registered a case of unnatural death and sent the body for postmortem. Sadashivanagar police are awaiting the postmortem report to ascertain if the person died by suicide or if there was any foul play

No bail for 12 accused in 2008 blasts case

Accused facing trial in nine cases, each has more than 200 witnesses, 800 documents marked

YATHIRAJU @Bengaluru

CONSIDERING arguments of the prosecution that the accused had committed a heinous offence involving national security and integrity, the Special Court for NIA cases declined to grant bail to the 12 accused involved in the 2008 Bengaluru serial blast.

Judge Gangadhara CM rejected the bail applications filed by Edapana Thodika Sharafuddeen, Abdul Jabbar, V P Mahammad Sakariya, Badrudheen N, Faizal, Umar Farooq, Ibrahim Molvi, Sameer, Sarfuddin, Thajuddin, Abdul Khadar and P B Saabeer, all from Kerala.

A woman, Sudha, had died and nine were injured in the blast on July 25, 2008, which led to registration of the crime against T Naseer and others. The court noted that the accused had made several attempts to get bail but their applications were rejected as there is a prima facie case against them. If their applications are considered now, it amounts to reviewing orders passed by the court earlier. Moreover, there is a bar under Section 43(D)(5) of the Unlawful Activities (Prevention) Act to consider bail. On perusal of materials available on record, the apprehension of the prosecution cannot be ruled out and hence this is not a fit case to grant bail, the court said.

The accused contended that they have been languishing in jail and completed almost 14 years of incarceration as undertrial prisoners. They also cited decisions of the apex court that if the accused complete 50 per cent of the sentence, they are entitled to bail. The special public prosecutor contended that offences against the applicants were very serious and the punishment prescribed under Section 302 IPC and Section 16 of the Unlawful Activities (Prevention) Act is death sentence. Therefore, there is no question of completion of 50 percent of the punishment period to seek bail. They are facing trial in nine cases and in each case, more than 200 witnesses have been examined and more than 800 documents have been marked. The trial has been concluded and arguments on merits also commenced.

The SPP contended that the six accused who were directly involved in the explosions, have absconded and efforts are being made to trace them. If the applicants are released on bail, chances are high that the absconding accused would collect information from the applicants and threaten witnesses, and prevent them from giving evidence, he said. He cited a crime registered in 2016 with Srirangapatna police over the accused threatening witnesses with death, if they give evidence.

INTERNATIONAL CANCER DAY

Childhood cancer on the rise in India, say health experts

EXPRESS NEWS SERVICE @Bengaluru

CHILDHOOD cancers are on the rise, but a common cause for them is yet to be identified. Though most have genetic factors, environmental and infection factors also play a role in some instances.

The incidence of childhood cancer in India ranges from approximately 38 to 124 cases per million children, with over 50,000 new cases diagnosed annually. Over the past two to three decades, it has been on the rise, says a cancer expert from Sammprada Hospital.

Dr Intezar Mehdi, consultant, Paediatrics Oncology and Hematology, at Sammprada Hospital, said, "Typically, signs and symptoms of childhood cancer are subtle and nonspecific. Maintaining a high level of suspicion is crucial for early diagnosis. Parents should be vigilant when it comes to unexplained fever, weight loss, night sweats, enlarged glands in the neck, armpit, or groin, headaches, vomiting, seizures or neurological issues, abdominal or chest swelling, bone pain and swelling, and bleeding, as these could indicate early signs of cancer in children."

Leukemia, lymphomas and brain tumours rank among the most-prevalent cancers in children. Additionally, Wilms tumour, neuroblastoma, bone tumours, soft tissue tumours and liver and eye tumours occur too. Dr Suma, consultant, Paediatrics Oncology, said, "There is a wide care gap in the availability of services in rural and urban areas, which has to be bridged. Government schemes to treat child cancers are also essential. Better collaboration between the government and private sector, as well as state, national, and international agencies would go a long way in improving the situation for children with cancer in the country. Philanthropic NGOs too can play a big role in ensuring treatment for thousands of child patients each year."

Ragpicker abandons cash cassettes outside ATM, police in a tizzy

EXPRESS NEWS SERVICE @Bengaluru

TWO empty cash cassettes outside an ATM kiosk near Minerva Circle on JC Road sent the police into a tizzy on Monday morning. Looking at the suspicious boxes, the security guard of the ATM informed the police. The bomb disposal squad was also pressed into service. All the boxes were found empty. When the police checked the footage from CCTV cameras, they saw a ragpicker keeping the boxes and leaving.

Cash cassettes are used in ATMs to keep the cash.

The guard, Thirumalai, informed the traffic police managing the Minerva Circle junction. The traffic police asked him to inform the local Kalasipalya police. "Bomb squads, dog squad, and the police personnel opened the boxes and found them empty," Thirumalai added.

The police are on the lookout for the ragpicker to find out where he managed to get the two cash cassettes.

DCP (West) S Girish told the media that the police have found out that the ragpicker tried to sell the metal boxes in a nearby scrap shop. "Since the scrap dealer refused to take them, the ragpicker kept the boxes outside the ATM kiosk and left. Since none of the nearby ATM kiosks claimed ownership of the boxes, we are in the process of contacting the manufacturers to find out to whom they supplied the boxes," the DCP added.

The Kalasipalya police who have registered a case are checking if there are any complaints related to thefts or robberies in any ATM kiosks.

Cab driver demands ₹5,194 instead of ₹914, FIR booked

EXPRESS NEWS SERVICE @ Bengaluru

A SECOND case of an exorbitant demand made by a cab driver for a ride from the airport to Tavarekere has come to light. The driver insisted on payment of Rs 5,194 instead of Rs 914 which was displayed to the passenger at the time of booking. Loiyum Khuman filed an FIR against Uber cab driver Bharath Gowda at Kempegowda International Airport police station.

The FIR by Khuman states that the incident occurred on January 5 morning, but he found time to book the case only on February 13, as he was busy with work. "After dropping my friends at Terminal 1 of KIA, I was looking for a cab to return to my home in Taravereke. An Uber cab driver approached me and picked me up. As per the online booking, the amount to be paid was Rs 914. I displayed the amount to him too. However, on reaching my house in Sterling Nest apartments, he told me the fare was Rs 5,194 and his Uber app was showing this figure. I was forced to pay the sum," he said. An FIR was booked against the driver for cheating and overcharging under Sections 417, 471 and 465 of IPC.

Student scammed

Again in January, a college student from West Bengal was literally taken for a ride by an Ola cab driver, from KIA to Mathikere. He was ordered to pay Rs 5,194 instead of Rs 730 displayed while booking the cab.

A tribal couple allegedly tried to sacrifice their 8-yr-old son as part of a ritual in Odisha on Tuesday night. Terrified by the act, the child ran from the spot, and met some villagers who rushed to the spot but couple had fled. Police caught the couple from a forest in an inebriated condition on Wednesday

TN House adopts Stalin's resolution, opposes 'One Nation, One Poll' policy

T MURUGANANDHAM @ Chennai

The Tamil Nadu Assembly on Wednesday adopted two resolutions opposing the One Nation; One Poll policy of the BJP government at the Centre and the delimitation of Parliament and Assembly constituencies after 2026 based on the population of the States. Chief Minister MK Stalin moved the resolutions.

"This August House urges the union government that the delimitation process to be carried out after 2026 based on the census should not be carried out. Due to unavoidable reasons, if the number of seats based on the population were to increase, it shall be maintained at the present ratio of the constituencies between the States in the State Assemblies and both Houses of Parliament fixed based on the population 1971," the resolution said.

The resolution also urged that states like Tamil Nadu should not be penalised for implementing various socio-economic development programmes and welfare schemes for the benefit of the people over the past 50 years.

The second resolution moved by the chief minister said, "This August House urges the union government not to implement the One Nation; One Election Policy as this is against the basis of democracy; impractical; not enshrined in the Constitution of India. Elections to be local bodies, State Assemblies and Parliament are being held at different times based on people-centric issues in a vast and diverse country like India and it is against the idea of democratic decentralisation."

The DMK's allies in the Assembly - Congress, CPM, CPI, VCK, Kongu Nadu Makkal Desiya Katch, Tamizhaga Vazhvurimai Katchi, Manithaneya Makkal Katchi supported both the resolutions. Both resolutions were adopted by voice vote.

Opposition party, AIADMK, which had been supporting the One Nation One Poll policy so far, took a strategic stand and revealed that the party has put forth 10 conditions for implementing this idea before the high-level committee headed by former president Ram Nath Kovind on January 13, 2024.

BOOK YOUR HSRP

K'taka govt to extend deadline by 3 months

EXPRESS NEWS SERVICE
@ Bengaluru

VEHICLE owners in the state will get three more months to affix the high-security registration plate (HSRP). Transport Minister Ramalinga Reddy on Wednesday informed the State Legislative Council that they will extend the last date to affix HSRP by three months.

Reddy said affixing HSRP number plates to vehicles was done across the country as per the directions of the Supreme Court and the Union Government, but there was a delay in starting the process in Karnataka. As of now, only 18 lakh vehicles in the state have affixed HSRP number plates, he said. "We have to extend the deadline and let us extend it by three months," the minister informed the Council.

In a written response to council member Madhu G Madegowda, the Transport Minister stated that only 9.16 percent of vehicles in the state have HSRP, and the deadline fixed earlier is expiring on February 17. There are around two crore vehicles in the state that are registered prior to April 2019.

Reddy said the system is transparent, everything is done online without any cash transaction and only authorized agencies can affix the number plates. He also assured the members that the government would look into their concerns about fake websites duping vehicle owners.

The minister said the government must create awareness among vehicle owners and try to ensure that all vehicles have HSRP within the next three months.

If the vehicle owners fail to affix HSRP within the stipulated time, a fine of Rs 500 will be imposed for the first time, and a fine of Rs 1,000 will be imposed for subsequent offenses, he stated.

The MLC said if HSRP is issued without verifying the validity of the old vehicle's RC, it leads to the legalization of such vehicles. Reddy said that is not possible, as the HSRP is issued only after verifying the vehicle details.

Hoteliers had questioned ban on V-Day

CONTINUED FROM PAGE 1

THEY had questioned the ban on sale, distribution and serving of liquor in retail shops, hotels, bars, bar and restaurants from 5pm on February 14 till 6am on February 17 in view of the election to the Legislative Council from Bengaluru Teachers' constituency on February 16.

The ban orders were imposed based on a circular by the chief election officer to the returning officer and the commissioner of excise as per Section 135C of the Representation of the People Act.

Opposing these impugned orders, senior advocate Arun Shyam argued that the ban is contrary to the provisions of Section 135C of the Act and Rule 10B of the Karnataka Excise Licences (General Conditions) Rules.

The court said it is prima facie clear that having regard to the nature of elections and the electorate involved, the impugned notifications/orders imposing a ban on liquor on days other than polling and counting is excessive. The ban should only be imposed on the days of polling and counting of votes.

The association stated that it had approached the court anticipating a loss of Rs 450 crore.

Fill waterholes in forests, says min, greens oppose it

EXPRESS NEWS SERVICE
@Bengaluru:

DUE to deficit rainfall and a prolonged dry spell leading to shortage of water in forests, Forest, Environment and Ecology Minister Eshwar Khandre has issued directions to fill up waterholes and send GPS videos and pictures of the exercise.

Water scarcity will lead to man-animal conflict, Khandre said here on Thursday. He also issued directions to drill tubewells and install solar pumpsets wherever necessary, inside forests. He said staffers should give priority to filling up waterholes, and directed officials to take all required measures to reduce cases of conflict.

However, experts, conservationists and forest officials have raised eyebrows over the directions. They said this type of meddling with nature will not help. "Already, too many civil works are going on inside forests, which is leading to conflict. Politicians and activists should understand that nature needs to take its course. Due to interference like ensuring 24x7 water supply in waterholes, migration patterns and natural cycles of births and deaths of animals, especially elephants, is getting affected. This is the reason why their population is on the rise, beyond the carrying capacity. Nature has its own course of drought and and heavy rainfall, there should be limited interference, at least in forest patches," said a conservationist who works closely with the government.

Adding to this, a senior forest official said, "Instead of spending funds on such work, the government should allow us to continue with rail barricading and clearing encroachments, so that conflict is reduced. The government should also help us create proper buffer zones to reduce conflict."

Kerala passes resolution to curb wild animal breeding

ENS @T'Puram

WITH the Kerala government facing heat over human-wildlife conflicts, one of which ended in the death of farmer Ajeesh Panachiyil in Wayanad last week, the assembly on Wednesday passed a resolution urging the Centre to take measures to rein in exponential breeding of wild animals.

The resolution, presented by Forest Minister A K Saseendran, also sought amendments to the Wild Life (Protection) Act, 1972, in accordance with the changing times to prevent wild animal attacks. The resolution said the Centre should amend clauses, including 5(2), of the Act that allowed the chief wildlife warden to delegate his powers and duties with the respective state government's nod.

"The powers vested with the chief wildlife warden as per Section 11(1)(a) should be amended to delegate the powers to chief forest conservators. The Centre should alleviate certain terms, explanations of Section 11(1)(a) and procedures, rules, advisories and terms issued under the Act should be relaxed. And the Act should be amended from time to time by including necessary practical provisions to...prevent wild animals from attacking humans," said the resolution, which also sought declaring wild boars a vermin as per Section 62 of the Act.

Saseendran said several human lives have been lost across the state as wild animals entered human habitats, leading to conflict. "Wild boars and monkeys, considered wild animals, have been breeding exponentially outside forest areas, which has led to severe disturbances.

CONG PICKS RENUKA, ANIL YADAV FOR RAJYA SABHA SEATS

Hyderabad: Signalling that loyalty will be rewarded while ensuring social justice ahead of the LS elections, the Congress on Wednesday named former Union minister Renuka Chowdhury and Secunderabad District Congress Committee president M Anil Kumar Yadav as its nominees for the Rajya Sabha. Anil Yadav's nomination is being seen as an attempt to continue fostering leadership for the future. Balmoor Venkat is now the youngest MLC in the country while Anil Yadav is in his early 40s. Doing so, the party has picked Anil Yadav and Renuka Chowdhury over senior leaders such as K Jana Reddy, G Chinna Reddy, V Hanumantha Rao, Sarve Satyanarayana and others, sending a clear signal that it is favouring younger representatives.

309 rail pax from state lost lives in 5 yrs

B K LAKSHMIKANTHA @Mysuru

DESPITE repeated warnings from the railway department on the precautions to be taken while crossing the railway lanes or boarding and deboarding from the moving trains, incidents of passengers being injured or killed in accidents are being reported regularly.

As per the reports of the railway department, 309 people have lost their lives in the last five years by coming under the wheels of the trains in the state.

As per the recent statistics from the railway department, a total of 89 persons have lost their lives in 2019-20, while 44 persons in 2020-21, 37 in 2021-22, 71 in 2022-23 and 68 in 2023-24 in the state. These victims have accidently have come under the wheels of the moving trains at railway stations and at the level crossings and have lost their lives.

A senior railway official told *The New Indian Express* that the railway officials and staff will be regularly alerting the passengers and the general public on the precautions needed to be adopted while crossing the train tracks. "We always appeal to the passengers to cross the train tracks using a footbridge or underpass or at a designated pedestrian railway crossings. Crossing anywhere else is illegal and extremely dangerous. Compensation will be awarded to the victims by the Railway Claims Tribunal," the official said.

Compensation awarded to victims or their kin

Year	Compensation Amount
2019-20	₹6.04 crore
2020-21	**₹2.75 crore**
2021-22	₹2.74 crore
2022-23	**₹6.26 crore**
2023-24	₹5.62 crore

Most of the injuries or deaths happen when the passengers who will be in a hurry to board or deboard a moving train slip after losing balance and come under the wheels of the trains. In order to prevent such incidents, the Railway Protection Force (RPF) and Government Railway Police (GRP) will be constantly monitoring the stations. In 2022 alone, the RPF attached to South Western Railway (SWR) personnel have saved lives of 852 passengers by putting themselves at risk.

HK Chethan, a techie from Bengaluru who regularly travels in trains, told TNIE that the railway authorities should adopt the model of the Mumbai suburban railway to reduce deaths on tracks.

"They have replaced text-based warning signs to photographs, trains honking at the trespassing points and to ensure passengers know the correct speed of the approaching trains, yellow bright stripes are painted on tracks at regular intervals. Railway authorities should adopt more innovative methods and deploy more men at railway stations to prevent tragedies," he said.

DOS AND DONT'S

When the train is in motion
Stop, look, listen and think at level crossings

Never jump fences, gates or barriers which is extremely dangerous

Only enter the crossings when the lights have stopped flashing or the gates have opened

EXPRESS READ

BJD supports BJP RS nominee Ashwini Vaishnaw

Bhubaneswar: In a repeat of 2019, the BJD has extended support to railway minister and BJP candidate Ashwini Vaishnaw for the third Rajya Sabha seat in Odisha renewing talks about a pact between the two political parties ahead of elections. Ending all speculations about the third seat, the BJP central election committee had announced Vaishnaw as the party's nominee on Thursday. Soon after, chief minister and BJD supremo Naveen Patnaik extended regional outfit's support to him. "Biju Janata Dal will support the candidature of Ashwini Vaishnaw, Union Minister, Railways, Communication and Information and Technology in the ensuing election to Rajya Sabha-2024, for the larger interest of State's Railways and Telecom Development," CM Naveen Patnaik said.

Mysuru man only Kannadiga selected for PM-YUVA 2.0

Mysuru: Mahesh Hiremath, a digital content creator from Mysuru, had been selected for PM-YUVA 2.0, the Young Authors programme of National Book Trust (NBT), India. Mahesh, who works as a content creator at GSS Madhyama, is the only author from Karnataka out of 41 young authors selected from across the country for the programme. The NBT had invited applications for the PM-Yuva 2.0 programme 10 months ago. Over 30,000 young authors had applied for the programme. After three levels of scrutiny, the NBT selected only 41 authors and Mahesh Hiremath is the only Kannadiga among them.

Subba Reddy's comments on capital miscontrued: Botcha

Visakhapatnam: A day after YSRC north Andhra Pradesh coordinator YV Subba Reddy said the party was mulling over retaining Hyderabad as the common capital for some more time, education minister Botcha Satyanarayana clarified that the former's comments were misconstrued. Speaking to reporters here on Wednesday, Botcha asserted that there was no question of retaining Hyderabad as the common capital. Stating that they do not need to react to the opposition's criticism, he said, "The YSRC will seek votes on the basis of development done for the State."

Trekker's cigarette butt behind Mullayanagiri forest fire?

BOSKY KHANNA @Bengaluru

THE recent wildfire at Mullayanagiri Hills that turned 500 acres of grassland to ash, abutting the forests, was in the revenue land patch. Preliminary investigation revealed that a trekker had thrown a lit cigarette butt out of his car while leaving the trek trail.

Karnataka forest department officials said this is not an isolated incident. The officials said they will hold talks with the revenue department and take a collective decision to stop trekking and other tourism activities in and around the forest patches, for at least three months. The forest department is also working on regulating the movement of people passing through forest patches, even in safaris.

"We have no control over tourism activities in revenue lands. But its consequences are seen in the forests, like in the case of Mullayanagiri forest fire. Similar instances have been seen in Sakleshpur as well. There is a need to control or restrict tourism and adventure activities for the moment. The forest grass is dry, there is too much of fodder that can burn. Even a small ignite will lead to severe damages. Drought and harsh summer heat, coupled with strong winds, only make matters worse," said an official from the Forest department.

The official added that there have been instances where tourists and trekkers have informed about a forest fire. How this can be regulated is being looked into, he added.

A senior revenue department official said: "Controlling tourism in revenue lands needs to be handled locally. This matter will be discussed with the District Commissioners, and restrictions on tourists will be imposed based on the ground reality of different regions. There is a need to have good and smooth coordination amongst the tourism, revenue, and forest department in order to ensure there are no untoward incidents."

As a result of the extremely high footfall at Kumara Parvatha, on January 26, Forest, Environment and Ecology Minister Eshwar Khandre had announced that trekking will not be permitted in forest areas unless the trek is booked online, in advance. Following this, trekking has been closed in many areas. However, trekking continues in popular locations like Kudremukh, where only online booking are accepted.

Further, to keep a watch on areas outside forests for fire, the forest fire mitigation wing is now taking data pertaining to forest fires that occur within 500 metres buffer of the forests. "We are taking these images and data and alerting the forest department staffers to be prepared," said a forest official.

We have no control over tourism activities in revenue lands. But its consequences are seen in the forests, like in the case of Mullayanagiri forest fire

- Forest Department Official

Hangyo Ice Creams partners with RCB for IPL

Hangyo Ice Creams partners with RCB for the upcoming IPL. The partnership was announced in Bengaluru on Wednesday | VINOD KUMAR T

Bengaluru: For the upcoming Indian Premier League (IPL), Hangyo Ice Creams announced their collaboration with Royal Challengers Bangalore (RCB) as their official ice cream partner. The announcement was made on Hangyo Ice Cream's Founder's Day and 21st Anniversary on Wednesday. The company introduced its Gourmet ice cream series during the event and unveiled the official logo and jersey. During the event, the company also reformed its tagline, "Play bold, Sell more" integrating it with RCB's theme of "Play bold." Srinivas Pai, Business Development Head of Hangyo Ice Creams said that this collaboration marks the first time where RCB has partnered with an ice cream company. He further elaborated on the company's strategy for expanding ice cream production through collaboration with RCB. Illustrating the company's commitment to the betterment of the society, Founder of UK&Co and Chairman of the Federation of Indian Chambers of Commerce and Industry (FICCI), K Ullas Kamath introduced the 'Hangyo Foundation', which will lead the company's CSR endeavours focusing on education and women's empowerment. As part of a CSR project aimed at improving the welfare of approximately 700 Hangyo employees, a new fund was also launched at the event. Hangyo Ice Creams is operating in Karnataka, Maharashtra, Goa, Andhra Pradesh, Telangana, Tamil Nadu, and Kerala, and owns over 30,000 outlets.

PROFILE INDIA'S DISEASE PREDISPOSITION FOR EFFECTIVE HEALTHCARE

THE Defence Research and Development Organisation will be signing a memorandum with the All India Institute of Medical Sciences to prepare a unique weather-susceptibility database. Such a database would be essential for designing equipment for the armed forces for deployment in varying weather conditions. While this exercise is defence-specific, a larger, more challenging one to map a disease predisposition profile of the entire Indian population is an urgent need. Such profiling would go a long way in improving healthcare delivery through evolved protocols for a more effective disease management. Disease predisposition mapping would help in understanding which sections of the population in which regions are more prone to what diseases. As a part of the exercise, genetic studies would also reveal their likely predisposition to cardiovascular diseases, cancers and diabetes.

This would allow for better planning to assign and distribute the health apparatus for quicker treatment protocols. Complemented by the telemedicine network—which developed after the Indian Space Research Organisation deployed the first nationwide satellite-based service in 2001 to take digital healthcare to all corners of the country—one can assess the future improvement in healthcare services. While disease-specific mapping among sections of the population has been done over the years, a countrywide exercise to understand the degree of predisposition to communicable and non-communicable diseases has not been done.

Non-communicable diseases have emerged as the leading cause of death in India. At least 60 percent of all deaths in the country are caused by non-communicable diseases; among them, 80 percent are caused by just four—cancer, cardiovascular disease, chronic pulmonary disease and diabetes. A pre-Covid survey found that inactive lifestyles and questionable diet trends had rendered up to 61 percent of Indian women and about 47 percent of Indian men unhealthy. A range of diseases—both communicable and non-communicable—can be brought under the scanner if people's predisposition in various regions is profiled by taking into consideration their genetics, immunity, lifestyle, diet, water quality and exposure to air pollution. Healthcare of the people is as crucial as—if not more—the defence of the land. The government's vision for a Viksit Bharat cannot be complete without it. A thorough disease predisposition scan would be the first step towards it.

KARNATAKA NEEDS TO PLUG REVENUE LEAKS

AS Karnataka looks forward to Budget 2024-25—Chief Minister Siddaramaiah's record 15th budget—it can expect the guarantee schemes to go into their second year. The guarantees cost the exchequer about ₹60,000 crore a year and benefit approximately 1.30 crore families—at an average payout of ₹4,000 a month. Fulfilling the promise is no mean task and the government has been mopping up resources from all sectors. It increased the excise and stamp duties and is looking at new avenues to fuel its schemes. Property tax from Bengaluru citizens is a big source and the Bengaluru Bruhat Mahanagara Palike (BBMP) has been directed to ensure that all defaulters pay up, along with arrears and interest. Having a tax collection target of ₹4,412 crore for 2023-24, an increase of around 50 percent over last year, BBMP began its collection drive last year. It has issued notices for 46,318 properties since November 2023, sealed over 10,603 shops and commercial establishments in the past six months, frozen bank accounts and is now impounding defaulters' vehicles.

The drive has run into controversy, with citizens rushing to the high court to protest against the tax demand notices and stop drastic measures, complaining that the tax tabulations are 'unscientific' and high. The court has provided temporary relief, ordering BBMP to de-seal properties and conduct a fresh inspection. The opposition BJP has seized the moment and warned of a protest across Bengaluru if BBMP fails to stop harassment of citizens. Under pressure, the government is mulling reducing penalties and giving citizens more time to pay up. Such a tax drive was much needed for the city: many citizens undervalue their properties, paying lower taxes by registering their properties as residential units, but renting them for commercial use; and they still expect world-class infrastructure.

In its first year in office, the government has implemented its guarantee schemes with success, but has little to show by way of development, which is suffering due to lack of funds. Already handicapped with a central tourniquet on its fund flow, the Siddaramaiah government cannot afford to ignore development at the cost of populist schemes, nor can it go back on its guarantees. As a new fiscal year begins, it must look at plugging revenue leaks, weeding out fake beneficiaries and reclaiming government properties to bulk up its kitty and keep its boat afloat.

QUICK TAKE

PROMOTE RESISTANT SEEDS

METEOROLOGISTS have spelt out the trouble in store for Indian farmers this year. El Niño, the disruptive weather formation that brought us a warmer 2023, is expected to continue till June 2024. This is likely to put India's wheat crop in peril. Many institutes under the Indian Council of Agricultural Research, including the Institute of Wheat and Barley Research at Karnal, have been producing seeds that can withstand weather's vagaries. But their use has been patchy. It is time for a nationwide exercise to promote the seeds of the future. Our food security depends on it.

While parsing through growth projections, we need to look closer at a number of underlying factors. One of them is the heterogeneous growth among our states

WHEN STATES PROSPER, SO DOES THE UNION

BIBEK DEBROY

Chairman, Economic Advisory Council to the Prime Minister

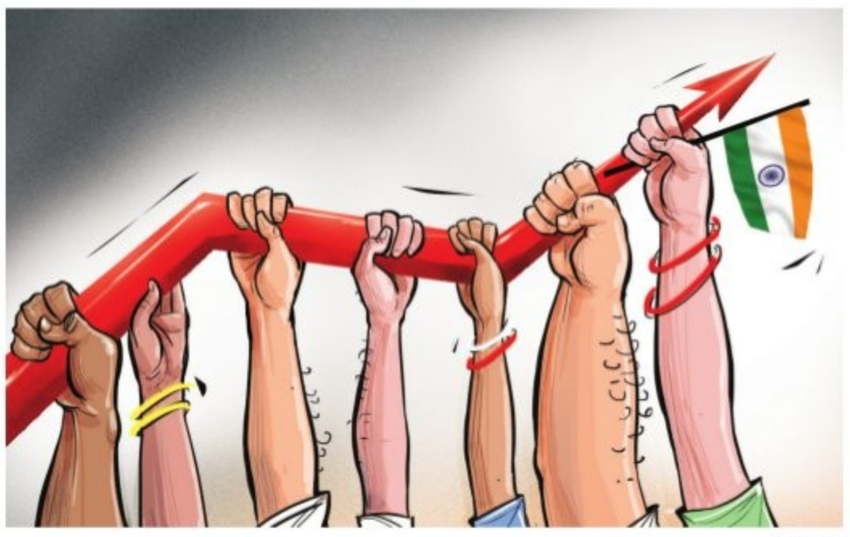
YEAR 2024 is important for India—the country is headed for general elections. In the course of 2024-29, the term of the new government, India will cross the GDP threshold of $5 trillion and become the third largest economy in the world. Indeed, India will approach a GDP of $7 trillion. This year, being roughly half-way between 2000 and 2047, is a convenient point to take stock about the future trajectory.

By the time the new government's term ends, the world will also be approaching the deadline for the Sustainable Development Goals or SDGs. Most countries have slipped from those the targets, though India has slipped less than others. Growth is correlated with improvements in social sector indicators. In the medium term, what growth trajectory is India on? a) 5.5-6 percent; b) 6.5-7 percent; or c) 7.5-8 percent. The differences between a, b and c blow up exponentially.

Any projection requires a set of assumptions—real growth rate, inflation, rate of population growth, total factor productivity increases and the rupee-dollar exchange rate. For instance, before Covid, the Economic Survey for 2018-19 stated, "Given 4 percent inflation, as the Monetary Policy Framework specified by the government for the Reserve Bank of India, this requires a real annual GDP growth of 8 per cent."

A more recent report by SBI Research states, "The path taken since 2014 reveals that India is likely to get the tag of the 3rd largest economy in 2027 (or 2027-28).... At this rate, India is likely to add $0.75 trillion every 2 years, implying that India is all set to touch $20 trillion by 2047, at least on current numbers. Behind this surge, India needs to grow at a CAGR of 8.4 percent till 2027 (in dollar terms). This translates into 11.0-11.5 percent nominal GDP growth per annum (in rupee terms), which is eminently achievable with a 6.5-7 percent growth rate." This doesn't state the per capita income in 2047 directly. But with a projected population of 1.7 billion in 2047, one can deduce that the per capita income would be short of $12,000.

In contrast, there is a study done by Ernst and Young in March 2023, which states: "In the most preferred scenario, India is likely to cross the critical thresholds of $5, $10 and $20 trillion in market exchange rate terms in 2027-28, 2035-36 and 2044-45, respectively.... India's per capita income in market exchange rate terms is expected to cross $13,000 by 2044-45, putting it in the ranks of developed economies... As per the most preferred scenario, India's real GDP is projected to grow in the 6-6.4 percent range over the period 2022-23 to 2047-48, although with a moderating decadal growth profile... The projected GDP in $ trillion terms shows an average annual growth of close to 8.4 percent over the forecast period (2022-23 to 2047-48)."



SOURAV ROY

When thinking about such projections, it is important to bear in mind an obvious point. These terminal goals are in current US dollars, not constant US dollars. In constant US dollars, a goal may seem impossible. In current US dollars, it is achievable.

In principle, differences in projections can arise from different assumptions about the inflation rate, which is unlikely since the RBI has a tolerance band of 4-6 percent. They can arise from differing exchange rate assumptions, factoring in total productivity changes. They can arise from differing assumptions about population growth. But more often than not, they arise from different projections about the real rate of growth. A difference between 6 percent and 6.5 percent may seem to be that of a mere half a percentage point, but that difference blows up over time. As an economy grows, the rate of growth slows over time.

India's growth is an aggregate of growth delivered by its states. The combined state GDP or GSDP roughly accounts for 97 percent of India's GDP. No reliable estimates exist for a state's income, as opposed to GSDP. This can make a difference in states with substantial net out-migration. GSDP growth rates can be volatile. Over time, they need to be smoothened out and the results are function of the time period.

Consider real GSDP growth rates for 2012-2022, where aggregate growth for India was 6 percent. The states fall in neat buckets: 10 percent plus: Mizoram; 8 percent plus: Gujarat; 7 percent plus: Tripura, Karnataka; 6 percent plus: Haryana, Madhya Pradesh, Telangana, Odisha, Andhra Pradesh, Sikkim, Assam, Andaman & Nicobar, Arunachal, Tamil Nadu; 5 percent plus: Delhi, Himachal, Chhattisgarh, Rajasthan, Puducherry, Uttarakhand, Uttar Pradesh, Jharkhand, Bihar, Chandigarh, Punjab; 4 percent plus: Jammu & Kashmir, Manipur, Maharashtra, Kerala, West Bengal, Nagaland; 3 percent plus: Goa; and 2 percent plus: Meghalaya.

Hence, to move from one growth trajectory to another, the performance of many states will have to improve. This is in terms of growth rates. Since states vary in size, all states are not equally important in contributing to India's GDP. In descending order of importance, the major ones are Maharashtra, Tamil Nadu, Uttar Pradesh, Karnataka and Gujarat. These five states account for 47 percent of India's GDP. Mizoram, growing at 10 percent plus, has a relatively low impact, compared to West Bengal growing at 4 percent plus.

Heterogeneity among states comes across in a host of other indicators. First, in achieving the SDGs, there is a difference between Kerala and Himachal at the top, and Jharkhand and Bihar at the bottom. Second, states differ in multi-dimensional poverty and the extent to which there has been a decline. Third, the commerce ministry has a LEADS report that measures logistics ease across states. Fourth, the department for promotion of industry and internal trade gauges states on their business reform action plans. Fifth, the NITI Aayog has an export preparedness index for states. Most exports originate in Gujarat, Maharashtra, Tamil Nadu, Karnataka and UP. In rankings, the coastal states of Tamil Nadu, Maharashtra, Karnataka and Gujarat do well. But among the larger states, Jharkhand, Bihar and Chhattisgarh lag behind.

It only goes on to underline that India is a Union of states. When they prosper, the nation does. *(Views are personal)*

SOLUTIONS FOR A PROGRESSIVE PRISON SYSTEM IN INDIA

HASAN MOHAMMED JINNAH

Tamil Nadu State Public Prosecutor

FOR a society built upon the principles of justice and human rights, the treatment of prisoners becomes a critical measure of its commitment to these values. Like other human beings, prisoners are also entitled to rights, but their rights are frequently infringed upon.

A recent Supreme Court intervention addresses the substandard treatment of prisoners, emphasising their entitlement to the fundamental rights despite incarceration. Prisoners, recognised as humans with constitutional rights, retain these entitlements even during confinement, as established in *State of Andhra Pradesh vs Challa Ramkrishna Reddy*. The Supreme Court has underscored that the prisoners, whether convicts, undertrials, or detainees, maintain their humanity and constitutional rights, including the right to life, throughout their incarceration. The prison system in India faces multiple hindrances in ensuring these rights are not infringed upon.

One of the issues is overcrowding. Prison congestion, notably among undertrials, is a significant issue in India. Data from 2021 shows a 9.5 percent drop in the number of convicts housed in prisons, but a substantial 45.8 percent rise in the number of undertrials from 2016 to 2021. This is a cause for concern. President Draupadi Murmu stressed during her National Law Day address that building more prisons isn't a sustainable solution. The Chief Justice of India also proposed a one-time prisoner release for decongestion and urged collaborative efforts between the judiciary, government, and law enforcement to reduce court backlogs and adjournment practices.

While fast-track courts aim to expedite proceedings, addressing the prevalent adjournment culture is vital for enhancing efficiency of the criminal justice system. To address the issue of overcrowding among undertrials, another solution is the provision of anticipatory bail.

Another significant challenge is the shortage of prison staff. Despite a sanctioned staff strength of around 91,181, the current strength stands around 63,578. This shortfall complicates the task of effective management, often resulting in the neglect of crucial aspects like the mental health of prisoners and ensuring that they are housed under humane conditions. The deaths of 1,995 prisoners in judicial custody during 2022, with 159 attributed to unnatural causes, highlights the need to increase the manpower.

Recommendations of the Mulla Committee dating back to 1980, such as implementing alternative sentencing like community service and establishing a national prison policy, remain unfulfilled.

Budget utilisation is another area of concern. Prison authorities spend an average of ₹10,474 per inmate annually, covering food, clothing, medical expenses, education and welfare. Despite a budget of ₹6,818 crore, only ₹5,958 crore was spent in 2019-20 on prison services, leading to shortages of medical staff, particularly mental health professionals. This underuse underscores the pressing need for reforms. Kerala, Tamil Nadu, Odisha, and Chhattisgarh have shown a comparatively greater investment in prisoners' welfare. This commitment has led to the vocational training of inmates, resulting in the production of goods to be sold in the market. Tamil Nadu has reported the highest sales of goods made by inmates.

AFP

> India's prisons are overcrowded and understaffed. Ensuring prisoners' rights and providing them with a transformational environment would require the smart use of technology and full use of the allocated budgets

Furlough for prisoners aims to strengthen family bonds and mitigate the negative impacts of long-term incarceration. Despite the absence of specific provisions in the Prisons Act of 1894, Section 59 of the Act empowers states to formulate rules for parole and rewards for good behaviour. However, superintendents often fail to grant emergency leaves for significant life events. The case of *Mehraj vs the State of Tamil Nadu* deliberated on the provision of granting leave for emergencies and conjugal rights. The court directed the formation of a committee, which proposed an amendment to Section 15 of the Tamil Nadu Act 14 of 1982, recommending the temporary release of detenus based on humanitarian considerations.

Adoption of technology is also important. Artificial intelligence start-ups employ facial biometrics to conduct tests on Indian faces. The integration of this biometric identification system with criminal justice departments aims to enhance efficiency and coordination. The Supreme Court is setting up an integrated criminal justice system that will link the police, courts, and prisons on one platform to facilitate real-time information exchange, including FASTER (Fast and Secure Transmission of Electronic Records), a new electronic system to transfer e-authenticated copies of bail orders to prisons to enable faster release of undertrials.

The Madras High Court has implemented an E-Bail Module to expedite the bail process from the application stage. The Indian government is also working to enhance the cohesion of the criminal justice system through the implementation of e-prison initiatives under the Model Prison Act of 2023.

Healthcare is another area where the use of technology can significantly enhance the well-being of the incarcerated. Implementing video-based telehealth consultations can streamline healthcare services, cutting costs by eliminating the requirement of a large medical workforce while providing real-time diagnoses by trained professionals.

AI can be used to monitor inmates. For example, the Uttar Pradesh Police uses JARVIS (Joint AI Research for Video Instances and Streams), an AI-powered audio and video analytics platform, for monitoring inmates. AI-based video analysis also streamlines parole processes by analysing prisoner conduct, potentially reducing overcrowding. Electronic ankle tags can further help monitor prisoner movements.

Correctional facilities must ensure the growth and transformation of the prisoners so that they can reintegrate smoothly into the society once released. Providing ample educational opportunities—as shown by Tamil Nadu, where elementary and higher education is offered to of inmates—is essential for preparing them for a successful reentry into society. *(Views are personal)*

Vexed vets

Ref: *Odisha vet strike needs govt intervention* (Feb 14). The unavailability of doctors at veterinary clinics in Odisha is concerning. In the absence of medical care, 9,000 animals are reported to have died and many more could die. The government should take measures to ensure that animals are given the care they need even during the strike.

Sharon Junita, Bengaluru

Revive KSRTC

Ref: *Promote public transport in Kerala for equitable mobility* (Feb 14). For long, Kerala governments have ignored the Kerala State Road Transport Corporation or KSRTC. There have been protests by KSRTC staff over salary. The buses are also in poor condition. The government should take steps to revive the service and increase its frequency at a time when the number of private vehicles is booming.

V K S Krishnan, Kumbakonam

Transport plan

Ref: *Promote public transport in Kerala for equitable mobility* (Feb 14). The number of private vehicles on Kerala's roads is high, leading to traffic snarls that eat into productive working hours. There is also the issue of pollution. The state government must improve public transport services and create awareness among the public regarding the benefits of using it.

Dharmarajan A K, Thalassery

Farm politics

The Congress is backing the 'Delhi Chalo' march by farmer unions to gain votes. If they are concerned about the plight of farmers, they should implement measures that support farmers in the states where they are in power. The three farm laws that were repealed in 2021 would have brought enormous benefits to the farmers.

K R Venkata Narasimhan, Madurai

Soften stance

Unfortunately, the police in BJP-ruled Haryana used tear gas and water cannons on protesting farmers. With opposition unity in tatters, the BJP is confident of keeping power. However, such a brutal crackdown was unwarranted. The government should soften its stance and pursue another round of talks with farmers.

K S Sundaram, Coimbatore

Sorting seats

Ref: *Just one seat, Cong doesn't even deserve it in Delhi: AAP* (Feb 14). The INDIA bloc's unity has suffered yet another jolt with the Aam Aadmi Party offering just one seat to the Congress in Delhi. With only a couple of months left for the Lok Sabha elections, the Congress has its back against the wall.

Taxpayers' money spent on military-grade drone technology should be used to stop Chinese from coming into Galwan. Not for domestic policing to stop our farmers coming to Delhi.

No room for corruption in India: PM

At World Governments' Summit in UAE, Modi spoke about India's transformative reforms

YESHI SELI @ New Delhi

THE Indian government does not discriminate against anyone and has no room for corruption, Prime Minister Narendra Modi said in Abu Dhabi on Wednesday.

The Prime Minister was delivering the keynote address at the World Government's Summit where he was invited as the guest of honour.

Earlier, in 2018 too, Modi was invited as a chief guest for the same summit.

Crown prince of Dubai, Sheikh Hamdan bin Mohammed, warmly greeted the PM upon his arrival.

"We extend a warm welcome to the Republic of India and the guest of honour of this year's World Governments Summit (WGS), PM Modi. The strong ties between our nations serve as a model for international cooperation. The WGS has evolved into one of the world's leading platforms for sharing governance best practices, success stories and initiatives and envisioning the future of the government. It is a pleasure to have India as a distinguished guest at this international event, where it will showcase its innovations, initiatives and projects across diverse sectors that are a model for accelerating development for government service delivery," Sheikh Hamdan bin Mohammed said.

This time, the summit witnessed participation of 20 world leaders, including ten presidents and as many prime ministers. Governments and delegates from over 120 countries were represented at the global gathering.

Modi spoke about India's transformative reforms based on the mantra of 'Minimum Government, Maximum Governance'. He shared how India had leveraged digital technology to further welfare, inclusivity and sustainability.

Besides calling for a human-centric approach to governance, the Prime Minister also underlined India's focus on people's participation, last-mile-delivery and women-led development to achieve an inclusive society.

He said that given the interconnected nature of the world, governments must collaborate and learn from each other to address future challenges.

Earlier, Modi met Sheikh Mohamed bin Rashid Al Maktoum, Vice-President, Prime Minister, Defence Minister and the Ruler of Dubai. The two leaders held discussions on a wide range of areas of bilateral cooperation, including trade, investment, technology and education.

Prime Minister Narendra Modi and UAE Prime Minister Sheikh Mohammed bin Rashid Al Maktoum during a meeting in Dubai on Wednesday | PTI

'Modi always ensured safety of Indians abroad'

EXPRESS NEWS SERVICE @ New Delhi

PRIME Minister Narendra Modi has always taken the initiative and spoken to leaders of other countries to ensure the safety of Indian nationals abroad, foreign secretary Vinay Kwatra said on Wednesday.

Responding to questions on the release of eight Indian Navy veterans, facing death row in Qatar, Kwatra said whenever the Indian community had faced problems, the Prime Minister and his personal initiatives ensured that they were brought back to India.

"This is direct evidence of the sensitive approach the Prime Minister adopts to address the problems faced by the Indian community," Kwatra said during a briefing on the PM's visit to the UAE.

The foreign secretary said that over the past 10 years, whenever Indian nationals have faced problems, it was not just a question of the Ministry of External Affairs but the whole of government approach has been adopted to ensure their safety.

Umar Khalid withdraws bail plea in SC, to move trial court

SUCHITRA KALYAN MOHANTY @ New Delhi

FORMER JNU scholar and activist Umar Khalid, who is jailed in connection with the February 2020 Northeast Delhi riots case, withdrew his bail plea application from the top court on Wednesday.

A two-judge bench headed by Justice Bela M Trivedi and also comprising of Pankaj Muthal allowed him to withdraw the bail petition.

Senior advocate Kapil Sibal, appearing for Khalid, told the top court that the petition is being withdrawn due to an inevitable "change in circumstances".

"We will try our luck in the trial court now," Sibal submitted to the court.

Notably, even after around 15 adjournments in the case for several months, Khalid could not get relief from the Supreme Court. The social activist has been in jail since his arrest by the Delhi Police on September 14, 2020.

He was booked under the stringent UAPA (Unlawful Activities Prevention Act) for his alleged involvement in a larger conspiracy behind the Delhi riots. However, Khalid has denied the charges and claimed innocence in the case.

Khalid had approached the apex court challenging an October 2022 Delhi High Court verdict that denied him bail.

The Delhi Police arrested him in September 2020 for his alleged role in the communal violence in the national capital.

The accused had initially, in the Delhi High Court, sought bail on the grounds that he neither had any "criminal role" in the violence in the city's northeast area nor any "conspiratorial connection" with any other accused in the case. The Delhi police had opposed the bail plea of Khalid in the high court.

Verdict on validity of electoral bonds today

The top court will pronounce its verdict on Thursday on pleas challenging the validity of the electoral bonds scheme. The scheme, notified 2018, was pitched as an alternative to cash donations made to political parties as part of efforts to make political fundings transparent.

SC Collegium recommends transfer of three HC judges

SUCHITRA KALYAN MOHANTY @ New Delhi

THE Supreme Court collegium has recommended the transfer of three high court judges — Calcutta HC's Justice Moushumi Bhattacharya, Kerala HC's Justice Anu Sivaraman and Madhya Pradesh HC's Justice Sujoy Paul.

Justice Sivaraman had, on October 16 last year, requested a transfer out of Kerala. The collegium accepted the request and suggested her transfer to the Karnataka High Court.

Justice Bhattacharya had also sought a transfer citing personal reasons. She was recommended to be transferred to the Telangana High Court.

The collegium has also recommended transfer of Madhya Pradesh HC judge Justice Sujoy Paul to Telangana High Court. Justice Paul had sought a transfer on the ground that his son is practicing in the High Court of Madhya Pradesh.

Canada among 51 nations to join 9-day Navy drill 'Milan' beginning Feb 19

MAYANK SINGH @ New Delhi

EVEN as India and Canada grapple with their deteriorating diplomatic relations, the Justin Trudeau government will send its naval delegation headed by a commander for the nine-day multinational maritime exercise 'Milan 2024' to be held off the Visakhapatnam coast from February 19.

Indian Navy's Deputy Chief Vice-Admiral Tarun Sobti on Wednesday said Milan 2024 is a major endeavour to get together friendly foreign countries from across the globe for a major maritime activity. He said 51 countries will participate in the event.

> **The exercise will witness a series of events, including an international maritime exposition, a maritime technical exhibition, a city parade...**
>
> Vice-Admiral Tarun Sobti, Deputy Chief of Indian Navy

While delegation-level participation is confirmed from more than 30 countries, 15 others are sending their warships for the exercise. The French Navy will come with an aircraft, Sobti said.

From the Indian side, nearly 20 ships, including aircraft carriers Vikrant and Vikramaditya, and nearly 50 aircraft will participate in the exercise.

Eastern Naval Command Chief of Staff Officer (Operations) Rear Admiral Shantanu Jha said the exercise will be held in two phases involving harbour and sea. The harbour phase will be conducted from February 19-23 and the participants would exchange expertise on subject matters. They will also witness the deep submergence rescue vehicle demonstration and also hold bilateral meetings.

"The sea phase will be held from February 24-27 in the Bay Bengal with participation of 35 warships and submarines with 50 aircraft," Jha said.

The exercise holds significance in the backdrop of major geopolitical tensions along with drone attacks and hijack incidents in Red Sea.

"The exercise will witness a series of events, including an international maritime exposition, a maritime technical exhibition, a city parade, and interactions with junior officers," Sobti said.

Nadda & Vaishnaw among 3 BJP MPs renominated for RS; rest set for LS polls

RAJESH KUMAR THAKUR @ New Delhi

JP Nadda, Ashwini Vaishnaw, L Murugan, Govindbhai Dholakia

THE BJP on Wednesday renominated its three prominent leaders — Union ministers Ashwini Vaishnaw and L Murugan and party chief JP Nadda, among 14 candidates, for the Rajya Sabha polls.

Among the 14 party candidates for the biennial Rajya Sabha elections, the prominent names are Vaishnaw (Odisha), Nadda (Gujarat), Murugan (MP) and Ashok Chavan, who joined the saffron camp on Tuesday from Maharashtra and Govindbhai Dholakia, who donated ₹11 crore to the construction of the Ram Temple in Ayodhya.

The biennial elections to fill 56 seats in Rajya Sabha will be held on February 27 and last date for filing nominations is on February 15.

As per the second official party list, Nadda, who was earlier nominated to RS from his home state Himachal Pradesh, Dholakia, Mayankbhai Nayak and Dr Jashvantsinh Salamsinh Parmar from Gujarat, and Ashok Chavan, Medha Kulkarni and Dr Ajit Gopchhade from Maharashtra have been fielded. In the first list, the BJP re-nominated Vaishnaw with the support of ruling BJD from Odisha while Dr L Murugan, Umesh Nath Maharaj, Maya Naroliya and Bansilal Gurjar were nominated from Madhya Pradesh, where the saffron party retained power in the recent assembly elections.

Speculation was rife about the railway minister and the BJP chief (whose RS terms will end this month and next) that they would be fielded for Lok Sabha seats either from Odisha and Himachal Pradesh, respectively. At present, Nadda is a Rajya Sabha member from Himachal Pradesh but the BJP had to re-nominate him from Gujarat because it did not have sufficient number of votes in Himachal. This would be his the third RS term in a row.

Many senior BJP leaders, whose names were expected in the list for Rajya Sabha polls, missed it. Union ministers and outgoing RS members Mansukh Mandaviya and Parshottam Rupala, both from Gujarat, and Narayan Rane from Maharashtra have not been renominated.

SHASTRI'S GRANDSON QUITS CONG, JOINS BJP

Former Prime Minister Lal Bahadur Shastri's grandson Vibhakar Shastri on Wednesday joined the BJP and announced leaving the Congress. Vibhakar Shastri joined the BJP in Lucknow in the presence of party state president Bhupinder Singh and Deputy Chief Minister Brajesh Pathak. Vibhakar Shastri had unsuccessfully contested Lok Sabha polls in the past from Fatehpur Lok Sabha seat in Uttar Pradesh.

JD(U) fields Sanjay Jha, NCP Praful Patel for Feb 27 Rajya Sabha polls

PREETHA NAIR @ New Delhi

WITH the deadline for filing nomination to the Rajya Sabha elections ending on February 15, most political parties are preparing to announce the full list of candidates.

As many as 56 members of the House from 15 states are retiring in April and the elections are scheduled to be held on February 27.

The results will be announced the same day.

While the Congress has named all ten candidates, including veteran leader Sonia Gandhi, from Rajasthan, BJP has nominated 28 so far.

In politically significant Bihar, the RJD on Wednesday named party's national spokesperson Manoj Kumar Jha and Sanjay Yadav.

A statement issued by the party said that RJD chief Lalu Prasad finalised the list of candidates. While Yadav will be contesting for the first time, for Jha, it will be his second consecutive term.

The JD(U) had earlier announced the then Chief Minister Nitish Kumar's trusted associate and former minister Sanjay Jha's candidature.

The ruling BJD in Odisha announced its support to BJP's Ashwini Vaishnaw. On Tuesday, two BJD candidates Debashish Samantaray and Subhasish Khuntia filed their nominations, while the party had kept the third seat vacant.

Early this week, the Trinamool Congress (TMC) announced 4 candidates, including journalist Sagarika Ghose, Sushmita Dev, former Lok Sabha MP Mamata Bala Thakur and sitting Rajya Sabha MP Nadimul Haque.

On Tuesday, the SP announced the candidature of former MP Ram Ji Lal Suman, former bureaucrat Alok Ranjan, and renominated actor Jaya Bachchan from Uttar Pradesh for the polls.

In Andhra Pradesh, YSR Congress Party fielded YV Subba Reddy, G Babu Rao and M Raghunadha Reddy.

The term for Rajya Sabha MPs is six years and the Rajya Sabha has a total of 245 members at present. Elections are held after every two years for 33 per cent of the seats.

■ DoPT report says 10,732 cases pending in courts ■ FIRs in all cases re-registered by Central agency

Investigation of 1,025 CBI cases pending, shows data

MUKESH RANJAN @ New Delhi

A TOTAL 1,025 cases — including 943 FIRs and 82 Preliminary Enquiries (PE) are pending with the Central Bureau of Investigation since periods ranging from three months to more than one year, the Department of Personnel and Training (DoPT) has revealed in its annual report for 2022-23.

"Other than the 1,025 cases, 23 Lokpal references were also pending by the end of the year. Out of the 943 regular cases, 447 were pending under investigation for more than one year. Similarly, out of 82 preliminary enquiries, 60 were pending under enquiry for more than three months," the report revealed.

The report has also stated that in cases where the investigation has been completed, 10,732 cases were pending under trial in various courts by the end of the year.

The DoPT, in its report, also mentioned that during the year 2022, courts had delivered judgements in 557 CBI cases. "Out of these, 364 cases resulted in conviction, 111 in acquittal, 13 in discharge and 69 cases were disposed of for other reasons. The conviction rate was 74.59 per cent," it said.

The CBI registers criminal cases on the basis of references received from government departments, statutory authorities like Central Vigilance Commission, constitutional courts and references received from states, as well as its own information. However, the CBI is not the first responder and has limited resources. So, due care is taken to ensure that only good cases are registered, officials said.

Probing on directions

The CBI registered 946 cases in 2022. "Out of these, 107 cases were taken up on the directions of the constitutional courts and 30 cases on the requests of states and Union Territories. Twenty eight references came from Lokpal," the annual report of DoPT stated.

SECURITY MATTERS

Manipur strife: NIA takes over probe into six cases

MUKESH RANJAN @ New Delhi

THE National Investigation Agency (NIA) has taken over six different cases of violence in the ethnic strife-torn Manipur following directions from the Union Ministry of Home Affairs last week.

The anti-terror probe agency has also re-registered as many FIRs under various sections of Indian Penal Code for further investigation, officials said on Wednesday.

The cases include the assassination of Moreh SDPO Chingtham Anandkumar on October 31, 2023 and the murder of four Meitei civilians by Kuki militants at Ningthoukhong Kha Khunou on January 18, 2024.

Besides these two prominent cases, the NIA re-registered a case on the basis of an FIR registered at Moreh police station in connection with an attack on the IRB post at Moreh and at Moreh Bazar area on January 17, 2024 by heavily armed Kuki militants using bombs and bullets. A policeman was killed and six other security personnel had sustained injuries in the incident, they said.

The other cases that were re-registered by the NIA relate to the FIRs lodged at Porompat police station and Imphal police station in connection with a firing incident and the alleged attack by unknown persons on the north western gate of the First Manipur Rifles on November 1, 2023.

MHA issued directions

The anti-terror probe agency has taken over investigation into the six cases following directions from the Union Ministry of Home Affairs last week

Major cases probed

Two prominent cases are the assassination of Moreh SDPO Chingtham Anandkumar on October 31, 2023 and the murder of four Meitei civilians on January 18, 2024.

Safe food at workplace: FSSAI certifies 500 hospitals as 'Eat Right Campuses'

KAVITA BAJELI-DATT @ New Delhi

MORE than 500 hospitals and medical colleges in the country, mostly private, have been certified as 'Eat Right Campus' by the Food Safety and Standards Authority of India (FSSAI).

The initiative focuses on creating safe, healthy and sustainable food environments within various institutions and workplaces, including hospitals as part of FSSAI's 'Eat Right India' movement.

According to officials, Uttar Pradesh has the highest number of certified hospitals at 162. It is followed by Tamil Nadu at 75. The other states are Maharashtra (52), West Bengal (39) and Madhya Pradesh (35).

According to officials, the achievement signifies a paradigm shift within the healthcare industry, which is prioritising not just medical care but also recognising the crucial role of healthy food choices in promoting well-being of staff and visitors.

Among these certified hospitals and medical colleges, as many as 100 are government hospitals. "This widespread adoption of the "Eat Right Campus" initiative demonstrates the collective commitment of hospitals toward enhanced food safety and sustainable practices for the well-being of their staff and visitors," said officials.

Leading the change are institutions like SNM Hospital Leh, Bangalore Baptist Hospital, Mumbai's Breach Candy Hospital and Tata Memorial Hospital, which have embraced the initiative, the officials added.

In Delhi, hospitals like Fortis Hospital, BLK Max Hospital and Lok Nayak Hospital have been certified.

The other hospitals that have been certified are Kalimpong Hospital in Darjeeling, West Bengal, District Women's Hospital in Varanasi, Uttar Pradesh and more than 50 district hospitals in the country. "This represents the commitment towards food safety across diverse geographies," the statement said.

FSSAI has established rigorous criteria and a comprehensive evaluation process for the 'Eat Right Campus' certification programme under Eat Right India movement, which was started in 2019 as a large-scale effort to transform the country's food ecosystem to ensure safe, healthy and sustainable food for all Indians.

Hospitals undergo thorough audits to ensure compliance with four key parameters, which include food safety measures, steps to ensure the provision of healthy food and efforts to raise awareness among individuals.

FSSAI, spearheading the nationwide 'Eat Right India' movement, is making significant strides in promoting healthy eating habits among workplaces.

UP tops the list

According to officials, Uttar Pradesh has the highest number of certified hospitals at 162. It is followed by Tamil Nadu at 75. The other states are Maharashtra (52), West Bengal (39) and Madhya Pradesh (35).

PLANTATION

Maharashtra Chief Minister Eknath Shinde on Wednesday said bamboo cultivation could help in tackling the challenge of pollution and climate change, and appealed to farmers to form dedicated clusters.

■ Mann govt objects to 'intrusion,' Khattar admin says cops acted when pelted with stones ■ Congress expresses solidarity with protestors

Punjab, Haryana agree to disagree on use of drones

HARPREET BAJWA @Chandigarh

A day after Haryana Police used drones to rain down teargas shells on protesting farmers at Shambhu border, AAP-led Punjab government has objected to such measures, raising jurisdictional issues.

In a letter to his Haryana counterpart in Ambala, Patiala deputy commissioner Showkat Ahmed Parray has asked Shaleen to restrict such measures within the Haryana territory. Parray said the authorities in the BJP-ruled Haryana fell in line after he took up the matter, restricting the drone movement along the border. Parry said he has conveyed his objection to the Ambala Senior Superintendent of Police as well. Sources said the DC Amabla was analyzing the Parray's information.

Farmers claimed drones dropped several teargas canisters on them when they were standing well inside the Punjab territory. The Haryana Police maintains the measure was taken after their personnel were pelted with stones by the protestors.

Meanwhile, Haryana Home Minister Anil Vij expressed his surprise over Punjab's notic. "When farmers started moving from Amritsar, they (Punjab cops) did not even try to stop them. That means they wanted the farmers to create terror in Delhi. A DSP and 25 other police officers have been injured in stone throwing," said Vij. He said the area was a state border and not an "international boundary."

The Punjab Congress and the Shiromani Akali Dal have condemned the Haryana Police action. Meanwhile, the Haryana government has extended the ban on mobile internet services, bulk SMSs and dongle services in seven districts of Haryana till February 15 midnight. Earlier, mobile services were suspended in Ambala, Kurukshetra, Kaithal, Jind, Hisar, Fatehabad and Sirsa till February 13.

On Tuesday, farmers had clashed with Haryana Police personnel at two border points between the states, facing teargas shells and water cannons as they tried to break the barricades blocking their protest march to Delhi.

After a face-off with the police that lasted several hours on Tuesday, farmer leaders called off the protest. They resumed their march from Shambhu border on Wednesday. Thousands of farmers, mainly from Punjab and Haryana, are participating in the 'Delhi Chalo' agitation to put pressure on the centrfor their demands, including a law on MSP.

FARMERS PROTEST

Rahul dials injured farmer, BJP says don't be misled

PREETHA NAIR & HARPREET BAJWA @ New Delhi/Chandigarh

A day after Congress promised Minimum Supporting Price (MSP) for crops if the INDIA bloc comes to power, senior leader Rahul Gandhi spoke to an injured farmer over the phone and extended support to the farmers in their fight for their rights.

Gurmeet Singh, an ex-serviceman, was injured during the police action in the protest at the Shambhu border near Patiala. The phone conversation was facilitated by Punjab Congress chief Amarinder Raja Warring who visited Singh at the hospital in Rajpura.

Rahul shared a post in Hindi on his WhatsApp channel and inquired about his health. "Talked on phone to former soldier Gurmeet Singh ji, who was seriously injured in police atrocities during the farmers' movement. Enquired about his health and expressed support to him for their peaceful movement demanding their rights," said the former Congress chief. Rahul also flayed the "dictatorial attitude" of the Modi government towards th farmers.

Cong rejects BJP claim

Dismissing the BJP's allegations that the UPA government rejected Swaminathan Commission recommendations in 2010, Congress leader Pawan Khera said the government accepted 175 out of the 201 recommendations. Khera challenged the BJP to prove its claims on the issue.

"It is completely wrong. We are with you. Don't worry. You are fighting for what is important for the country. You earlier worked for the country and you are doing it now as well. Well done. Best of luck," Rahul told the injured farmer. The farmer leaders have claimed that 60 farmers were injured yesterday when the Haryana Police used tear gas shells.

Sharing a video of the interaction on Facebook, Warring said, "Havildar Rajinder Singh, who served in the Army for 17 years, talked about Rahul Gandhi. Rajinder ji explained that he knows the difference between a bullet wound and a tear gas shell attack, he is saying that it is a bullet wound. They are attacked with 12 bores," he said.

Meanwhile, Union Agriculture Minister and BJP leader Arjun Munda today speaking to media in Delhi said "Farmer organizations have to understand that no decision regarding the law that is being talked about can be taken in such a way that without thinking about the situation for everyone in the later days."

"People should criticize at times. We should try to take care of all its aspects. Farmers will also have to take care that common life should not be disrupted, common life should not be disturbed in any way", he said. He appealed to the farmers to come to speak on the issue instead of being misled by political parties. On Tuesday, Union minister Anurag Thakur also said that the government is ready to speak to farmer on MSP.

RANCHI DIARY

MUKESH RANJAN
Our correspondent in Jharkhand
mukesh.r@newindianexpress.com

Scholarships for girl's to pursue technical edu

The Jharkhand government will provide scholarship to girl students to pursue technical education. The scholarship scheme has been introduced to encourage girls to opt for technical education, as boys-girls ratio in state in technical institutions is merely 6:1. Under the 'Manki Munda' Scholarship scheme, a girl student will get a scholarship of ₹15,000 per annum for pursuing diploma courses, while ₹30,000 annually for engineering courses. Nearly 3,000 girl students pursuing diploma courses will be benefitted from the scheme in first year, while 1,200 students will get benefits of the scheme in engineering courses.

Champai Soren assures pucca house for everyone

The newly elected Jharkhand Chief Minister Champai Soren has assured that everyone in Jharkhand will have their own pucca house by the year 2027. No person will be forced to live in a slum or a dilapidated house, he said. Everyone will get a three-room permanent house under Abua Awaas Yojana launched by the former Chief Minister Hemant Soren. According to Champai, the state has taken steps towards realising the dream of 20 lakh poor, needy and homeless people of having their own pucca home. Champai also handed over approval letters of Abua Awas to several beneficiaries.

Cultivation of thornless cactus

Thornless cactus will be cultivated on barren lands of the state. It will be started on an experimental basis on 157 hectares of land all over the state. Besides making the barren land green, the scheme will also become a source of income for the locals. To make the barren land of Jharkhand green, the state is taking steps towards the cultivation of thornless cactus. The scheme was announced during a workshop on the promotion of 'Spineless Cactus Plantation and Cultivation' organized under the aegis of Jharkhand State Watershed Mission under Rural Development Department. Objective behind this scheme is sustainable development of barren lands, watershed, improvement of ecological balance.

Kejri gets 6th ED summons in excise case

UJWAL JALALI @New Delhi

THE ED asked Delhi CM Arvind Kejriwal to appear before it on February 19 for the sixth time for questioning in connection with the excise policy case, official sources said on Wednesday.

The latest summons comes ahead of a local court's order to Kejriwal to appear before it on February 17, for ignoring ED's earlier summonses. The ED approached the court last week after Kejriwal did not turn up for questioning. The court said that Kejriwal was "legally bound" to respond to ED's summons in person and that he "purportedly failed to so", which is prima facie an offence under Section 174 of the IPC. The agency's investigation in the case revealed that the excise policy was formulated "as a part of a criminal conspiracy by the leaders of AAP with deliberate loopholes to generate and channelise illegal funds" for themselves as well as to the party.

The ED is expected to file a fresh supplementary chargesheet and may name AAP as a beneficiary of the alleged kickbacks that were generated through the policy that was later scrapped.

Sandeshkhali simmers, BJP chief faints & taken to hosp

PRANAB MONDAL @ Kolkata

STRIFE-hit Sandeshkhali witnessed dramatic scenes on Wednesday as BJP state chief Sukanta Majumdar offered prayer to goddess Saraswati on the banks of Ichamati river in Taki, North 24 Parganas, and fainted during a scuffle with police when he tried to proceed and visit women who accused the local leaders of the ruling Trinamool Congress of sexual abuse.

Majumdar was rushed to a local hospital in unconscious state from where he was brought to a private hospital in Kolkata.

A day after the Calcutta High Court set aside the state government's promulgation of prohibitory order in Sandeshkhali, the district administration again on Wednesday clamped restrictions on movement under Section 144 of CrPC in 19 pockets of the area. Setting aside the earlier order, the high court, on Tuesday, mentioned it its order that the manner in which the restrictions were imposed was not right.

Majumdar on Tuesday dodged the state administration's effort to intercept him and arrived Basirhat, where the trouble-hit area is located, by boarding a local train.

He staged a sit-in-demonstration in front of the office of the superintendent of police demanding release of BJP supporters who were arrested during the course of a skirmish with police. As the police did not respond, Majumdar spent the night in a local hotel.

The unrest in the TMC's stronghold in North 24 Parganas stemmed from ongoing agitation by women in Sandeshkhali, who accused TMC strongman Shahjahan Sheikh and his men of perpetrating sexual abuse on them.

Sandeshkhali turned to be the epicentre of Bengal politics after three officers of the Enforcement Directorate (ED) were bashed up and left bleeding when they went to search Shahjahan's house Sheikh in a foodgrain scam case on January 5.

On seeing the TMC leader and his men are at large since the attack on the federal agency, homemakers of the area mustered up their courage to protests against the sexual abuse on them allegedly by the ruling party's satraps.

Majumdar, accompanied by BJP's one of the general secretaries Jagannath Chattopadhyay, left the hotel where spent Tuesday night through the rear entrance on Wednesday hoodwinking guarding policemen.

Sit-in-demonstration

BJP state chief Sukanta Majumdar dodged the state administration's effort to intercept him and reached Basirhat, where the trouble-hit area is located, by boarding a local train. He staged a sit-in-demonstration in front of the office of the superintendent of police demanding release of party supporters who were arrested during the course of a skirmish with police before he fell.

Maha speculation over Sharad Pawar's NCP merging with Congress

SUDHIR SURYAWANSHI @ Mumbai

THE power corridors in Maharashtra are abuzz with speculation about a merger of former union minister Sharad Pawar-led Nationalist Congress Party (NCP) with the Congress ahead of the 2024 Lok Sabha elections.

However, NCP Lok Sabha member Supriya Sule denied the rumour, saying their faction has no plans to merge with any other political party. "Sharad Pawar-led NCP will continue participating in elections as part of the Maha Vikas Aghadi (MVA) alliance. Our faction will not merge with any political party," Sule told the reporters later.

Speculations about Pawar's NCP merging with Congress started this morning and gathered steam after Pawar's meeting with the top NCP leaders, including Anil Deshmukh, Rajesh Tope, Amol Kolhe, and Shrinivas Patil in Pune.

It was conveyed that the meeting was for an upcoming rally of the INDIA bloc and selecting leaders to address these proposed rallies.

Dispelling the merger rumours, Pune City NCP unit president Prashant Jagtap said his party will not be merged with the Congress. The factions will emerge with a new name and symbol. He said the 2024 Lok Sabha and state assembly elections fight for existence so that they will fight with vigour.

According to sources, the merger talks are on, but no date has been decided. "It's a long process, and a lot of stake is also involved. Besides, the roles of every individual, including Sharad Pawar, Supriya Sule and other leaders, must be defined in the Congress. The talk is whether the merger should happen before the Lok Sabha elections or after the state assembly elections result.

The merger will boost both parties. The cadre will get united and motivated. Besides, both have a similar ideology, so there are not many hiccups in this merger, but still, it is a long process," said a senior Congress leader who requested anonymity. The NCP witnessed a split after Deputy CM Ajit Pawar took over the party.

Setback to Assam Cong as 2 legislators join BJP

PRASANTA MAZUMDAR @Guwahati

IN a setback to Congress ahead of Lok Sabha elections, two MLAs of the party in Assam decided to extend their support to the BJP governments in the state and at the centre.

Chief Minister Himanta Biswa Sarma paraded the duo – Congress working president Kamalakhya Dey Purkayastha and Basanta Das – on Wednesday as he addressed the media in Guwahati to break the news.

"Respecting the leadership of Prime Minister Narendra Modi, Kamalakhya Dey Purkayastha and Basanta Das have decided to support the constructive work of Assam and central governments. Two other Congress legislators – Sashikanta Das and Siddeque Ahmed – have been supporting us relentlessly from before," Sarma told journalists.

> **Respecting the leadership, Kamalakhya Dey Purkayastha and Basanta Das have decided to support the constructive work of Assam and central governments.**
>
> Himanta Biswa Sarma

"The decision of Purkayastha and Das will strengthen our government. Purkayastha has resigned as Congress working president. I respect the decision of both MLAs. In the coming days, we all MLAs and ministers will strive to ensure special development of (Purkayastha's) Karimganj North and (Das') Mangaldoi constituencies," Sarma added.

Criticising Congress for allegedly not allowing its MLAs to attend government meetings and programmes and meet ministers, he asked how their constituencies will develop if they cannot highlight the problems.

"No opposition party had such a stance earlier. Several Congress MLAs are not happy with this," the CM said.

Only 32 out of over 2 lakh educated unemployed youth got jobs in 2 yrs

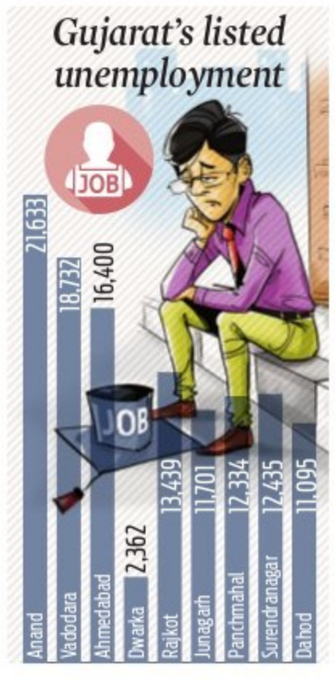
DILIP SINGH KSHATRIYA @Ahmedabad

A total of 2.38 lakh educated people in Gujarat are unemployed and have registered themselves for employment with various departments, according to government data.

Also, in the last two years, only 32 youths could land government jobs. Of these, 22 were in Ahmedabad, 9 in Bhavnagar, and one in Gandhinagar.

In response to a question posed by Congress MLAs in the Assembly on Tuesday, the state government stated that 2,38,978 educated unemployed have been registered in the last two years in a total of 29 districts, while 10,757 partially-educated unemployed have been registered, taking the number of educated unemployed people to 2,49,735.

According to the data, Anand has the highest number of unemployed — 21,633, followed by Vadodara at 18,732, Ahmedabad ranks third at 16,400, and Devbhoomi Dwarka is the lowest with 2,362 unemployed people. State Industries Minister Balwantsinh Rajput informed the Assembly that Rajkot has 13,439 registered jobless individuals, while Junagadh has 11,701, Panchmahal has 12,334, Surendranagar has 12,435 and Dahod has 11,095. But no one has a government job.



As per the data, in the last two years, 22 in Ahmedabad, 09 in Bhavnagar, and 1 in Gandhinagar have secured government jobs.

Thus, a total of Thirty-two educated youths got employment in the same period. state Congress Leader of Opposition Amit Chavda said, "The recruitment calendar of government jobs exists solely on paper."

However, the State Industries Minister rejected the Opposition's claim. State Industries Minister Balwantsinh Rajput stated, "The state has over 46 employment offices that arrange employment programmes. An app was also developed to provide information."

Tribal tea seller thrashed for refusing to pay bribe

ANURAAG SINGH @Bhopal

THREE days after the incident of a tribal youth being punched and kicked by a Bajrang Dal leader was reported in Betul district, an even more shocking incident of another tribal man Ashish Parte being stripped and brutally assaulted while being hung upside down has been reported from the same area.

Though the incident with the tribal tea-seller happened in November 2023, it has been reported to the local police, after its video went viral on Tuesday night.

The victim in the November 2023 incident, Ashish Parte, said the attackers (two accused) stripped before tying him up to be hung upside down and then beat him with sticks and belts, to demand 'cut money' for running the tea-shop. The shop is run by Ashish with father.

Parate said that one of the attackers who held a gun told the other attacker about having committed a murder in the past. Due to it, Parate didn't tell anyone about it.

It was when the video went viral on Tuesday that he finally admitted it to his elder brother, after which the matter was reported to the local police.

A case has been lodged under IPC and SC/ST (Prevention of Atrocities) Act sections.

Earlier on Monday, the Betul district police had lodged a case against a Bajrang Dal leader Chanchal Rajput and aides for assaulting a tribal youth Raju Uike on camera. A viral video of the shocking incident showed Raju being punched and kicked on various parts of the body and being forced to sit like a rooster, for working with a DJ player Gullu, who had recently assaulted the Bajrang Dal leader.

State Congress chief Jitu Patwari said this suggests that tribals are being intentionally targeted in the state.

GAZA STRIP

NEGOTIATIONS to pause the Israel-Hamas war headed into a second day in Cairo on Wednesday, as Israel launched a series of deadly strikes on Lebanon, stoking fears of an escalating conflict in the region.

Mediators in Egypt were racing to secure a ceasefire and free the remaining hostages before Israel proceeds with a full-scale ground incursion into the Gaza Strip's crowded far-southern city of Rafah.

A Hamas source said a delegation was headed to Cairo to meet Egyptian and Qatari mediators, after Israeli negotiators held talks with the mediators on Tuesday.

Palestinian president Mahmud Abbas urged Hamas to "quickly complete a prisoner deal, to spare our Palestinian people from the calamity of another catastrophic event".

CIA Director William Burns had joined Tuesday's talks with David Barnea, head of Israel's Mossad intelligence service, which Egyptian media said had been mostly "positive".

US National Security Council spokesperson John Kirby described the negotiations as "constructive and moving in the right direction".

With regional tensions high, Israel launched strikes on Lebanon hours after fire from Lebanon wounded multiple people in northern Israel, according to medics.

The strikes in south Lebanon killed four civilians including two children and wounded nine other people, a Lebanese security source said, speaking on condition of anonymity.

Since the outbreak of the Hamas-Israel war on October 7, more than 240 people have been killed in Lebanon, most of them Hezbollah fighters but also including over 30 civilians.

Lebanese militant group Hezbollah has traded near-daily fire with Israeli troops since the outbreak of the war in Gaza, with tens of thousands displaced on both sides of the border.

Rafah fears

The potential for mass civilian casualties in Rafah has triggered urgent appeals, even from close allies, for Israel to hold off sending troops into the last major population centre they have yet to enter during the war.

Rafah, where more than 1.4 million Palestinians are trapped, is the main entry point for desperately needed relief supplies and UN agencies have warned of a humanitarian disaster if an assault goes ahead. *AFP*

WAR WATCH

ISRAEL-GAZA: DAY 129

GAZA TOLL SO FAR

28,576

Spain and Ireland have asked the European Union to "urgently" examine whether Israel is complying with its human rights obligations in Gaza under an accord that links rights to trade ties

Palestinians have begun evacuating the main hospital in Khan Yunis, according to videos shared by medics on Wednesday. Weeks of heavy fighting had isolated the medical facility and claimed the lives of several people inside it.

ERDOGAN IN EGYPT

Turkish President Recep Tayyip Erdogan arrived in the Egyptian capital on Wednesday on his first visit since 2012, sealing a thaw in ties between the regional heavyweights. Erdogan had said he would discuss with Egyptian President Sisi efforts to halt the bloodshed

WHO says Gaza hospitals are completely overwhelmed

GENEVA: The World Health Organization lamented on Wednesday that fewer than half of its requested aid-delivery missions in Gaza have been approved by Israel, stressing the need to reach and resupply devastated hospitals across the territory. "Hospitals are completely overwhelmed and overflowing and undersupplied," said Rik Peeperkorn, the WHO's representative for the occupied Palestinian territories. Speaking to reporters in Geneva via video-link from Rafah in southern Gaza, he described how patients were frequently undergoing unnecessary amputations of limbs that could have been saved under ordinary circumstances. Decrying the "shrinking humanitarian space" in the Gaza Strip, he accused Israel of obstructing aid deliveries across the war-ravaged Palestinian territory. *AFP*

Blasts hit gas pipeline in Iran; official calls it act of sabotage

DUBAI

EXPLOSIONS struck a natural gas pipeline in Iran early on Wednesday, with an official blaming the blasts on a 'sabotage and terrorist action' in the country as tensions remain high in the Middle East amid Israel's war on Hamas in the Gaza Strip.

Details were scarce, though the blasts hit a natural gas pipeline running from Iran's western Chahar-mahal and Bakhtiari province up north to cities on the Caspian Sea. The roughly 1,270-kilometer (790-mile) pipeline begins in Asaluyeh, a hub for Iran's offshore South Pars gas field.

Saeed Aghli, the manager of Iran's gas network control centre, told Iranian state television that a 'sabotage and terrorist' action caused explosions along several areas of the line.

There are no known insurgent groups operating in that province, home to the Bakhtiari, a branch of Iran's Lur ethnic group. Aghli did not name any suspects in the blasts.

In the past, Arab separatists in southwestern Iran have claimed attacks against oil pipelines. *AP*

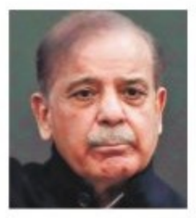
IF YOU'RE GOING THROUGH HELL... KEEP GOING

COALITION SET TO CROSS SIMPLE MAJORITY; SHEHBAZ LIKELY TO BE NEXT PM

ISLAMABAD

SHEHBAZ Sharif, the younger brother of former premier Nawaz Sharif, is expected to become Pakistan's new prime minister as the coalition of leading political parties led by them is set to comfortably cross the simple majority mark to form the next government after elections produced a split mandate. In a surprise move, Pakistan Muslim League-Nawaz (PML-N) on Tuesday night nominated Shehbaz as the prime ministerial candidate instead of the party supremo and three-time former premier Nawaz Sharif.

Earlier, Shehbaz along with Asif Ali Zardari of Pakistan Peoples Party, Khalid Maqbool Siddiqui of Muttahida Qaumi Movement Pakistan (MQM-P) met at the residence of Shujaat Hussain of Pakistan Muslim League-Quaid (PML-Q) for a consultative meeting and agreed on government formation. "Today we have united to tell the nation that we all accept the split mandate. I am thankful to Zardari and Bilawal (Bhutto) that they decided for their party to vote for the PML-N," he said.



PML-N Information Secretary Marriyum Aurangzeb has said that party supremo Nawaz Sharif has nominated the party president and his younger brother Shehbaz Sharif, 72, for the post of the country's prime minister.

She added that PML-N Senior Vice President Maryam Nawaz was nominated for the post of Punjab's chief minister.

"Nawaz Sharif has thanked the political parties which provided support to the PML-N (in forming the upcoming government) and expressed hope that through such decisions Pakistan will come out of crises," she said.

Shehbaz, 72, who was prime minister after the Imran Khan-led government was ousted in April 2022, said the other parties that joined hands with the PML-N enjoyed 'almost 2/3 majority' of the Parliament after the elections. He also said that the new government would pull the country out of trouble.

According to the Election Commission of Pakistan the total number of general seats won by the six parties — the PML-N, PPP, MQM-P, PML-Q, IPP and BAP which announced their plans to form a coalition led by Shehbaz — comes to 152. PTI

Indonesian ex-gen Subianto leads after 1st count of votes

JAKARTA

DEFENCE Minister Prabowo Subianto, an ex-general linked to past human rights atrocities, claimed victory in Indonesia's presidential election on Wednesday based on unofficial tallies.

The 72-year-old candidate, who was once banned by the United States from entering for two decades due to his human rights record, told thousands of supporters in a sports stadium in the capital, Jakarta, that the victory, according to an early, unofficial 'quick count,' was 'the victory of all Indonesians.' There was no declaration by electoral officials and the two former provincial governors who also contested the election in the world's third-largest democracy have not conceded defeat.

Subianto was an army general during the brutal period of the Suharto dictatorship that ended just over 25 years ago. He served as a special forces commander in a unit linked to torture and disappearances, allegations that he vehemently denies.

According to the unofficial tallies conducted by Indonesian polling agencies, Subianto had between 57 per cent and 59 per cent of votes, with more than 80 per cent of the vote counted in polling places sampled.

The quick counts are based on the actual vote count at a sample of polling stations across Indonesia. The laborious official count may not be finished for up to a month, but quick counts have provided an accurate picture of the results of all four presidential elections held in Indonesia since it began direct voting in 2004. "We are grateful for the quick count results," he said in the speech, broadcast on national television. *AP*

Supporters gather outside the home of presidential candidate Prabowo Subianto after voting ended and polls closed in Indonesia's presidential and legislative elections in Jakarta on Wednesday | AFP

IRDAi issues draft rules for Bima Sugam

Regulator is trying to establish online insurance marketplace in line with ONDC

MONIKA YADAV @ New Delhi

THE proposed insurance e-marketplace will be jointly held by all life, non-life and health insurance companies, and offer free services to consumers.

The Insurance Regulatory and Development Authority of India (IRDAI) on Tuesday issued the draft framework for establishment of Bima Sugam, an insurance e-marketplace.

With Bima Sugam, the regulator is trying to replicate the ONDC (Open Network Digital Commerce). The aim is to create a digital public infrastructure to boost insurance penetration in India, and improve availability, accessibility, and affordability of insurance services.

"Bima Sugam platform shall be a one-stop solution for all insurance stakeholders vis-a-vis customers, insurers, intermediaries, and insurance agents to promote transparency, efficiency, collaboration across entire insurance value chain, technological innovation in the sector, universalise and democratise insurance and to achieve the vision of 'Insurance for all by 2047'," IRDAI said.

Key aspects of the proposed framework include formation of a not-for-profit company under Section 8 of the Companies Act, 2013, responsible for operating and maintaining the marketplace. The shareholding of the company will be diversified among life, general, and health insurers, ensuring no single entity holds a controlling stake.

IRDAI will nominate two members to the company's board, which will establish a risk management panel to address various risks. Other provisions include a consent-based service architecture, and no charges for consumers availing Bima Sugam services.

The stakeholders can submit their feedback on the draft regulations by March 4 ,2024.

With Bima Sugam, a government-backed insurance marketplace, the government aims to achieve insurance for all by 2047. Currently, life Insurance penetration in India at 3.2% (of GDP) and non-life penetration at about 1%.

Tarun Chugh, MD & CEO, Bajaj Allianz Life Insurance, said, "It's an encouraging move and a welcomed one for Indians, as they can get better access to life insurance products designed for their long-term life goals."

Venkatesh Naidu, CEO, BajajCapital Insurance Broking, said, "Bima Sugam can bridge the insurance gap, empower informed choices, and pave the way for a financially secure future for millions."

ED initiates probe against Paytm Payments Bank

EXPRESS NEWS SERVICE @ New Delhi

IN a fresh trouble for Paytm, the Enforcement Directorate (ED) has initiated a preliminary inquiry against One97 Communications Ltd and its subsidiary Paytm Payments Bank.

The agency has sought information from the troubled fintech firm regarding 'customers' who may have been involved in dubious transactions.

Officials aware of the development said the Reserve Bank of India (RBI), which cracked down on the payment bank arm of Paytm over non-compliance last month, has asked the ED to check for suspected breaches at the fintech company.

One 97 Communications on Wednesday accepted that its subsidiaries and its associate, Paytm Payments Bank Limited have over time been receiving notices and requisition for information, documents and explanations from the authorities, including ED, with respect to the "customers that may have done business with the respective entities, and provided the required information, documents and explanations to the authorities".

It added, "The company and its associate have continued to

provide such information, documents and explanations to the Authorities as is being required by them." The company also clarified that Paytm Payments Bank does not undertake outward foreign remittance.

The clarification by Paytm came amid reports that the ED was probing if Paytm and the payments bank were involved in foreign exchange violations. The fintech major had recently denied rumours that neither the company nor founder/CEO Vijay Shekhar Sharma was being probed by the agency.

"We have consistently assured that neither Paytm nor any of its associates are under investigation by any regulatory agency" the company had said recently.

In a big setback for SoftBank-backed Paytm, the RBI recently barred its payments bank from taking new or top-up deposits in customer accounts, prepaid instruments, wallets, etc. after February 29, 2024, owing to non-compliance. This, as per analysts, will result in a reduction in revenue and more losses for the already loss-making company. Not to forget customer exodus in large numbers.

The RBI has already ruled out any review of its action against the firm. "If you are expecting a review of the decision, let me very clearly say there is (going to be) no review of the decision," RBI Governor Shaktikanta Das had said.

RENEWABLES

Adani Green starts 551 MW solar plant in Guj

ENS ECONOMIC BUREAU @ New Delhi

ADANI Green Energy Limited (AGEL), an Adani Group arm, on Wednesday announced the commencement of operations for its 551-megawatt (MW) solar power generation capacity at Khavda in Gujarat.

The company said it achieved this milestone within 12 months of starting work on the Khavda RE park. This involved developing basic infrastructure, including roads and connectivity, and creating a self-sustaining social ecosystem.

"Adani Green Energy is creating one of the world's most extensive renewable energy ecosystems for solar and wind," said Gautam Adani, Chairman of the Adani Group.

"Through bold and innovative projects like the Khavda RE plant, AGEL continues to set higher global benchmarks and rewrite the world's planning and execution standards for gigawatt-scale renewable energy projects." This milestone validates the Group's commitment in accelerating equitable clean energy transition journey towards its goals of 500 GW of renewable energy capacity by 2030, he said.

'Founder, investors responsible for Byju's crisis'

ENS ECONOMIC BUREAU @ Bengaluru

ONE rotten apple in India does not darken the cloud, said edtech firm UpGrad founder Ronnie Screwvala, hinting at Byju's. According to him, this should not affect the entire edtech sector in the country.

He said at an event in Gurugram on Wednesday, "It is a joint accountability of the founder and 51 investors, who felt it was more important in a board meeting to ask, 'When's your next secondary?' versus 'I don't see a CFO' and so that one single aspect I don't think is going to hold the whole education sector to ransom."

He said the sector needs change with frugality. The serial entrepreneur and investor has been a vocal critic of Byju's. His comments come at a time when the firm's major shareholders have called for an extraordinary general meeting (AGM) to reconstitute the board. Reacting to it in a X post, he said, "Finally someone smelt the coffee!! Hope its not a whiff and then whimper but they will stay the course and get this done - for the whole eco system! For India as an investment destination! For just credibility overall of an otherwise sunrise and sunshine sector."

At the EGM to be held on Friday, shareholders will discuss the issues including a change in management. They might vote for a revamp of the existing board. Earlier, reacting to EGM, Think & Learn, parent of Byju's, emphasised that the shareholder's agreement doesn't give them right to vote on CEO or management change.

Akshay Munjal, CEO and Founder, Hero Vired, said, edtech platforms are undergoing a significant transformation with a focus on personalised learning experiences driven by AI and ML technologies.

SC suggests expert panel to look into Sterlite Thoothukudi plant reopening

SUCHITRA KALYAN MOHANTY @ New Delhi

THE Supreme Court on Wednesday asked the parties whether a committee of experts can be constituted to inspect the viability of reopening of Vedanta's Sterlite Copper plant at Thoothukudi with stringent conditions in place.

During the course of the hearing on Wednesday, a three-judge bench of the top court, headed by Chief Justice of India (CJI) Dr Dhananjaya Yeshwant Chandrachud and also comprising Justices JB Pardiwala and Manoj Mishra observed that "a way forward" must be found so that the "asset" is not lost by the country.

On the Supreme Court's proposal of a special committee to prescribe safeguards for resuming operations at Vedanta's copper smelter plan in Tuticorin, the Tamil Nadu government opposed the move citing repeated violations by Vedanta The court also further pointed out that there are only three-four copper smelters in the country and that fact can't be overlooked.

"State is a guardian for its residents. Equally we can't overlook the national interest," CJI Chandrachud remarked. Vedanta had filed a petition in the apex court challenging the Madras High Court's decision against the reopening of the plant.

Way must be found so asset is not lost: SC

During the course of hearing on Wednesday, a three-judge bench, headed by Chief Justice of India (CJI) Dr Dhananjaya Yeshwant Chandrachud and also comprising Justices JB Pardiwala and Manoj Mishra observed that "a way forward" must be found so that the "asset" is not lost by the country

The Wednesday's argument was inconclusive and would continue on Friday.

The closure order was passed after the plant had turned into a protest site with citizens opposing expansion of the plant. The order was supported by the state government. The protest took a violent turn, when police opened fire on the protesters, leading to several people losing their lives.

The category for qualified institutional buyers subscribed 8.52 times. *ENS*

IEA would benefit when India plays a bigger role in it: Narendra Modi

ENS ECONOMIC BUREAU @ New Delhi

PRIME Minister Narendra Modi on Tuesday said the International Energy Agency (IEA) would benefit when India plays a bigger role in it. While addressing the Paris-based organisation, the Prime Minister also said India had exceeded all of its Paris Agreement commitments towards climate change.

"Inclusivity boosts the credibility and capability of any institution. 1.4 billion Indians bring talent, technology, and innovation to the table. We bring scale and speed, quantity and quality to every mission. I am sure that the IEA will benefit when India plays a bigger role in it. Let us harness this platform to strengthen existing partnerships and form new ones. Let us build a cleaner, greener, and inclusive world," said Modi.

In a recorded message at the 50th Ministerial Meeting of the IEA, Modi said India had exceeded its Paris Climate commitments, ahead of the timeline. He highlighted that India is home to 17% of the global population and runs some of the world's largest energy access initiatives. Yet, India's carbon emissions account for only 4% of the global total. He said the country is firmly committed to combating climate change.

"Ours is a collective and proactive approach. India has already led initiatives such as the International Solar Alliance. Our Mission LiFE focuses on pro-planet lifestyle choices for a collective impact. 'Reduce, Reuse, and Recycle' is a part of India's traditional way of life. India's G20 Presidency saw significant action on this front."

India's commitment

Prime Minister Narendra Modi said India is home to 17% of global population. Yet, India's carbon emissions account for only 4% of global total. He said India is firmly committed to combating climate change

UBL optimistic about long-term growth of industry

ENS ECONOMIC BUREAU @ New Delhi

UNITED Breweries has a strong plan on premium both in terms of innovation and supply. Vivek Gupta, MD and CEO of UBL in a recent earnings conference call said the company plans to expand its innovation like Heineken Silver innovation, Heineken Draught innovation, and some of the other innovations that are in the pipeline.

The Kingfisher beer maker in Q3 reported consolidated net profit at Rs 85.34 crore and its gross margin for the quarter was 44%.

"Our premium volume continues to be strong. It showed a 14% surge. We saw double-digit growth and strong double-digit growth in some of our key premium brands like Ultra Max. We had a bit of supply challenges for Heineken in Karnataka. But despite that, we were able to deliver good growth, and we estimate our shares to be sequentially up for the December quarter, even on premium," Gupta said.

Its Q3FY24 volumes were up 8%, mainly driven by South and East regions partially offset by North. The premium segment grew by 14% in the quarter. Investments in capex during the first nine months of the year were ₹134 crore, mainly in supply chain initiatives to cater for future growth. The company said despite some inflationary softening as seen from Q2FY24, volatility will remain. It is optimistic about the long-term growth potential of the industry, driven by rising disposable income, favourable demographics and premiumisation.

UBL's volume growth was broad based. "East grew 22% for us, driven by strong growth in Odisha and Jharkhand. South, the big markets of Tamil Nadu, Karnataka, Telangana, AP, Kerala, grew 10% for us. West grew 9% for us and North, we had a decline because primarily led by Delhi," Gupta added.

Business & Beyond

POWERGRID posts PAT of ₹4,028 cr, total income ₹11,820 cr for Q3FY24

New Delhi: Power Grid Corporation of India Limited (POWERGRID), a 'Maharatna' Company under Ministry of Power, GoI, has announced unaudited financial results for Q3FY24 and nine months ended 31st December 2023. Petronet LNG executes contract for 7.5 MMTPA LNG with Qatar Energy

Petronet LNG Limited (PLL), India's flagship LNG terminal owning company, has successfully concluded and executed LNG Sale & Purchase Agreement (LNG SPA) for purchase of around 7.5 MMTPA LNG with QatarEnergy on long-term basis today. This is pursuant to extension of an existing LNG SPA forLNG supply of around 7.5 MMTPA LNG Sale & Purchase Agreement on FOB basis, signed on 31st July 1999 for supplies till 2028. Under the new agreement, LNG supplies will be made on delivered (DES) basis commencing from 2028 till 2048. Similar to earlier agreement of 1999, the LNG volumes under the new SPA shall also be offtaken by GAIL (India) Limited (60%), Indian Oil CorporationLimited (30%) and Bharat Petroleum corporation Limited (10%) after regasification primarily from Dahej Terminal of PLL on substantially back to back basis.

Mahindra has order backlog of 2.26 lakh SUVs

ENS ECONOMIC BUREAU @ New Delhi

HOMEGROWN auto major Mahindra & Mahindra (M&M) has a pending order book of 2.26 lakh sports utility vehicles (SUVs) as demand for its blockbuster products: Scorpio N, XUV 700 and Thar remains at an elevated level.

M&M, while announcing its third quarter result (Q3FY24), said that the order book for its SUV has now come down to 2.26 lakh open orders as of February 1, 2024 as against 2.86 lakh backlog it had at the beginning of November 2023.

Among models, Scorpio N (including Classic) has open bookings for 101,000 units followed by Thar (70,000 units) and XUV 7OO (35,000 units. Mahindra said that now it receives an average of 50,000 bookings per month, and has ramped up its delivery to about 40,000 units.

M&M said that the company is on track to achieve the Q4F24 exit capacity of 49,000 units as against the exit capacity of 39,000 units a year ago. The company has ramp-down production of the XUV 3OO model as a facelift is all set to hit the market soon. The automaker is confident that its SUV portfolio will grow in the mid-to-high teens even as industry body SIAM has projected the PV industry to grow 3-4% and UVs to grow 10-12% in FY2025. Mahindra on Wednesday reported that its standalone net profit surged 60% YoY to ₹2,454 crore in Q3FY24. The company's revenue during the quarter grew by 16% to ₹25,642.4 crore.

Shriram Properties net profit falls 17%

ENS ECONOMIC BUREAU @ Chennai

REAL estate developer Shriram Properties posted a 17% decline in the net for the third quarter of FY24 with ₹18.5 crore against ₹22.4 crore in the same period last year.

Total revenues stood at ₹241 crore, witnessing an 8% growth. Sales for the nine month period ended in December witnessed a 12% growth on a yearly basis, though sales slowed to 6% in the quarter. SPL hoped its entry into the Pune market and project approvals would spur growth in the current (Q4 FY24). It has signed a development management agreement for a residential project at Undri, Pune, marking the entry into a key market. The project with sales value potential of over ₹1,300 crore will be executed over the next 3- 4 years.

B'luru Open: Ramkumar upsets top seed Nardi

India's Ramkumar Ramanathan fought back impressively after losing the opening set to upset top seed Luca Nardi of Italy to reach the singles quarterfinals of the Bengaluru Open 2024 being played at the Karnataka State Lawn Tennis Association (KSLTA) Stadium on Wednesday. Ramkumar banked on his big serves to beat Nardi 1-6, 6-4, 6-4.

Runs or ruins, Test begins

With India's untested middle-order, visitors England will fancy their chances in third Test

GOMESH S @ Rajkot

LET'S be honest. Before the Hyderabad Test, many doubted whether England would have any success in India. And there were merits to the argument. India had lost only two home Tests in the past decade. They were and are a monster at home in Test cricket. If anyone had bet that India would lose the first Test after taking a 190-run lead, you'd have laughed them off and rightly so.

Yet, they did and two Tests on, both teams are at Rajkot and the series reads 1-1. And for the first time in 12 years, a visiting team has a chance to do something no one else could. Win two matches against India in a home Test series. And what more, they perhaps have the best venue to do it. The Saurashtra Cricket Association Stadium, which got a new name after the former cricket administrator Niranjan Shah on Thursday.

So, at the Niranjan Shah Stadium, where the pitches have been historically good for batting, England would fancy their chances. That they have brought in pacer Mark Wood in place of Shoaib Bashir says what England think of the surface. "You look down the wicket there are two cracks that sort of bummed me but again only time will tell if they actually come into it but yeah, obviously you never want to go with too many preconceived ideas around wickets but you have to sort of have some kind of idea which is obviously why you ended up picking the XI that you have done," Stokes said about the surface on Wednesday.

India's Shubman Gill (R) during a practice session on Wednesday | PTI

As someone who has played all his domestic first-class cricket here, Ravindra Jadeja, who's returning from an injury, said that the nature of the surfaces varies from time to time. "Sometimes you get 36 wickets in three games. Sometimes it's different. This one looks hard. I think it will play well at the start and probably slowly start to break much later," Jadeja noted.

The debate about the pitch apart, India, despite the victory in Visakhapatnam and the return of Ravindra Jadeja, have more holes in their team than the visiting side. They do not have KL Rahul or Shreyas Iyer. The middle-order is likely to be Rajat Patidar, Sarfaraz Khan and Jadeja. Throw in Dhruv Jurel in the mix, should he play in KS Bharat's spot, that is one Test match between three middle-order players.

India Probable XI: Rohit, Jaiswal, Gill, Patidar, Sarfaraz, Jurel, Jadeja, Ashwin, Bumrah, Siraj, Kuldeep.

England Playing XI: Crawley, Duckett, Pope, Root, Bairstow, Stokes, Foakes, Wood, Rehan, Hartley, Anderson.

That is not just it. In the bowling department, they have Jadeja, R Ashwin and Jasprit Bumrah, who reached Rajkot but didn't attend the training. Apart from these three, who will be the other two? Will India go with four spinners and a lone pacer on what is expected to hard surface? Does Mohammed Siraj come back and one of Axar Patel/Kuldeep Yadav make way for Jadeja? The questions remain. The bigger question, however, is whether India will counter England's approach better than they did in Hyderabad. While Bumrah's brilliance came in handy in Vizag, and he might just repeat it again in Rajkot, it is not fair to expect it from him every single time. By and large, India would want their spinners to step up and do the job — something one thought was a routine. That even Jadeja expected Ashwin to get to 500 Test wickets in the first Test itself tells what the players expect of themselves. However, it hasn't happened yet. And despite knowing and seeing the way England have played, India had a slip up in Hyderabad, and haven't done anything so far to surprise them.

In Rajkot, Rohit would want the spinners to not just do the job, but also try and keep a check on the run rate. Jadeja, meanwhile, believes that England just bats a little aggressively and it all comes down to how they adapt and move towards plan B and C. "Their style is such that they play aggressive cricket. Sometimes what happens is that when a batter tries different things sometimes it connects, sometimes it doesn't. That is style and they will continue to play like that. For us, it is about what is the plan B if they continue to play like that. Based on that we would want to keep field placements and bowl accordingly. As a bowling unit, our plan is to do the opposite of theirs and ensure that they are not playing the same shots they want to and keep scoring runs," said Jadeja.

Under Rohit, we will win T20 WC: BCCI secy

GOMESH S @ Rajkot

AFTER months of speculation on who will captain India in the upcoming T20 World Cup, the cat is out of the bag. BCCI secretary Jay Shah confirmed on Wednesday that Rohit Sharma will be at the helm, leading India's pursuit to end the ICC trophy drought in the United States and West Indies.

"Rohit was captaining (in the past and in other formats) and he came back for the Afghanistan series, which means we were going to let him continue forward," Shah told reporters on the sidelines of an event at the Niranjan Shah Stadium, Rajkot. India head coach Rahul Dravid, captain Rohit, chairman of the men's senior selection committee Ajit Agarkar attended the said event.

"When Hardik was injured in the World Cup, who else can we give the captaincy? In the third T20I against Afghanistan, India were 22/4 and the way he took the team to 212/4, we can't question much about him, right? He has the ability, as I said, we won ten games in the ODI World Cup. We didn't win the final, but it's part and parcel of the game. Whoever plays better, wins," he added, confirming that Rahul Dravid will be the head coach for the ICC event.

After India's semifinal exit in the 2022 T20 World Cup, Rohit had not featured in the shortest format for more than a year. Since then, Hardik Pandya had been leading the side in T20Is whenever he was available. It was only after the loss to Australia in the 2023 ODI World Cup final, the speculations of Rohit coming back in the shortest format began.

In January 2024, Rohit, and Virat Kohli, featured in the three-match T20I series against Afghanistan. In that series, Rohit scored two ducks and a century. India's next international assignment will be the 2024 T20 World Cup in the United States and West Indies.

Time for captain to rise & lead from the front

GOMESH S @ Rajkot

ROHIT Sharma is the third-highest run-getter among Test openers since he started on the job against South Africa five years ago. He has 2242 runs in 49 innings just below Dimuth Karunaratne (2358 in 48 innings) and David Warner (2328 in 58). His average, 48.73, is third among openers with more than 2000 runs in the period.

At home, he averages a tinge above 52 and has five centuries, the last one being against Australia in Nagpur. Which is why, there have been questions about his on-field tactics against England in the first two Tests and red-ball captaincy in general, but not about the fact that Rohit has not crossed the 40-run mark in eight innings (13, 14, 39, 24, 16*, 39, 0, 5). Or about how he hasn't scored a fifty in his last five Tests.

Truth be told, it is not that Rohit has been entirely out of form, or has a technical flaw. He had one of the best white-ball year ever as a captain and opener in 2023, led India to the final of the men's ODI World Cup as well as the World Test Championship. It might seem like he is just going through a lean patch as any high-performance athlete would.

However, context matters. Eight innings without getting to 40s is one thing, but it is not that he didn't get starts. Thrice he got the starts and then got out, and more than the dismissals, it is the way he has gotten out. While he has gotten a couple of peaches from Kagiso Rabada and James Anderson, there have been quite a few soft dismissals as well. In the first innings of Centurion, he pulled Rabada straight into the hands of long leg fielder. In Hyderabad, with a massive lead in the bank, he tried to go after Jack Leach only to be caught by Ben Stokes. In Visakhapatnam, he flicked Shoaib Bashir straight into the hands of Ollie Pope. Now, Rohit has always been the kind of batter who takes on the ball. When it comes to Test cricket, it's something that has made for a debatable topic even when he was a middle-order batter. Like how he tried to go after Nathan Lyon and got out when he was set and going well, multiple pull shot dismissals and so on. There's always been an argument about risk versus reward. The problem now is that there is no Virat Kohli or Chesteshwar Pujara to carry on. There is no Rishabh Pant to continue the madness from where Rohit had left.

In this Indian team, Rohit is indispensable. In form or not, he is the senior-most reliable batter in the side. While youngsters like Yashasvi Jaiswal have piled on runs, and with Shubman Gill set to get a longer rope for now, Rohit is the name and player everyone looks up to. He is the batter opponents are wary of. For they know what he can do if he bats through a couple of sessions. England players would not have forgotten the century in Chennai 2021. And that is why, for a team that is in transition, with Kohli not available against a world-class opposition, Rohit, the batter, is as important as Rohit, the captain. If not, more. Which begs the question — is it time to talk about Rohit's batting?

In Rajkot, if India go on to hand debut to two players, their middle-order will have an experience of one Test. The other opener is still making a name for himself and No. 3 just scored his first hundred in that position. If there ever was an occasion for Rohit to step up and score big runs, this was it. India need their captain, the most experienced batter and one of the top openers in the world to just bat through a couple of sessions. That is all Rohit needs to take the game away from England. Can he?

Lead in mind

With the series locked at 1-1, both sides will keen on getting ahead at Rajkot. A look...

WOOD WALKS IN

With the surface expected to be much flatter than the previous two Tests, England has named Mark Wood in the playing XI for Shoaib Bashir. He, along with James Anderson, will be sharing the fast bowling duties on a pitch where the batters might flourish.

CENTURY FOR STOKES

Numbers apart, to have the impact he has had for England as a player and captain, it's only fair to say that Ben Stokes is one of the finest all-rounders to have played for the country. On Thursday, he will scale another peak, walking onto the field for the 100th time as a Test player.

SPIN COMBINATION

With Ravindra Jadeja featuring, the question moves to whether India will play both Axar Patel and Kuldeep Yadav along with Jasprit Bumrah as the lone pacer. If not, it might become a toss up between Axar and Kuldeep.

Sakshi, Bajrang threaten to recommence protest

EXPRESS NEWS SERVICE @ Chennai

A DAY after the United World Wrestling (UWW) lifted the suspension on the Wrestling Federation of India, Sakshi Malik and Bajrang Punia accused the WFI chief Sanjay Kumar Singh of conniving with the world body to get a decision in his favour. The duo also threatened to restart their agitation if Sanjay Singh-led WFI is allowed to function.

"We came to know yesterday that Sanjay Singh had done some setting with UWW to get the suspension lifted. Brij Bhushan (Sharan Singh) and Sanjay Singh have left no stone unturned to show that they are above the law," said Sakshi in a video posted on 'X'.

Bajrang Punia

Adding further she said, "Our protest has only been suspended. I might have retired from wrestling but I not will tolerate Brij Bhushan or his people running the federation and harassing women. In the next 2-4 days, we will contact the people associated with our agitation and chalk out the future course of action. I urge the government (to ensure) that Brij Bhushan or his group are barred forever from (running) the federation and some good people are entrusted with the task of doing the job."

Bajrang echoed the sentiments and urged the government not to force them to take the streets again. "I request the government to take a decision in this regard. We, wrestlers, will also speak to all organisations which supported us during the previous protest and take a decision soon," Punia said.

Baku camp for GR wrestlers?

Meanwhile, the ad-hoc committee, which has been managing day-to-day affairs of the WFI, is planning to send nine Greco-Roman wrestlers, two coaches and a physiotherapist to Baku, Azerbaijan for a 20-day training camp. The team is scheduled to leave on Thursday night. "The plan is on as the panel has not been given any directives after the UWW's decision. The camp has been sanctioned and team is set to leave on Thursday night," said a source.

City, Real inch closer to quarters

Manchester City closed in on the Champions League quarterfinals with a dominant display while Real Madrid posted a 1-0 win away at RB Leipzig. Talking points...

THREE-STAR SHOW BY CITY

Facing FC Copenhagen, Kevin De Bruyne's early opener was cancelled out against the run of play by Magnus Mattsson. Bernardo Silva restored City's lead before half-time, but they had to wait until stoppage time to add further punishment.

11 City have won 11 consecutive games in all competitions as they remain on course to repeat last season's treble.

INFLUENTIAL DE BRUYNE

De Bruyne was sidelined for five months by a hamstring tear suffered on the opening night of the Premier League season in August. But since his return last month, the 32-year-old has scored two goals and provided seven assists in seven appearances.

DIAZ STEPS UP FOR REAL

In the other match, Leipzig were energetic but wasteful early, while Madrid goalkeeper Andriy Lunin made many saves after the hosts controversially had a goal disallowed for offside. The German club were made to pay early in the second half when Brahim Diaz (L) opened the scoring. Diaz danced past three Leipzig defenders before curling an inch-perfect shot inside the far post.

Tuesday's results (Last 16, first legs): In Leipzig: RB Leipzig (GER) 0-1 Real Madrid (ESP); In Copenhagen: FC Copenhagen (DEN) 1-3 Manchester City (ENG).

Mohun Bagan edge FC Goa in ISL

AGENCIES @ Margao

MOHUN Bagan Super Giant ended the 12-match-long unbeaten streak of FC Goa in the Indian Super League (ISL) 2023-24 by inflicting a 1-0 loss upon the Gaurs at the Fatorda Stadium on Wednesday

A 75th-minute winner by Dimitrios Petratos sealed the deal for the Mariners as they got a second consecutive victory under their belt and prevented Manolo Marquez & Co. from bridging the gap between them and league-leaders Odisha FC.

The home side teased the Mohun Bagan Super Giant as their personnel tested them from both set-pieces and open play in the first 20 minutes. Brandon Fernandes was at the forefront of it all, setting up deliveries for Carlos Martinez and Noah Sadaoui at different junctures.

Martinez was caught off side from a promising position in the fifth minute, and one of Brandon's own efforts from long-range was on target but couldn't get past Vishal Kaith soon afterwards.

Mohun Bagan's Dimitrios Petratos (L) celebrates his goal vs FC Goa | ISL

Petratos quickly turned the tables with a sharp turnaround as he switched the ball on his feet and attempted to curl in a shot from distance in the 21st minute. Thankfully for FC Goa, goalkeeper Arshdeep Singh stretched fully on his left to keep the scores level.

Incidentally, the duo of Arshdeep and Petratos was at the centre of attraction yet again, in a move that decided the eventual fate of the game. The Mariners broke on the counter and a usually organised FC Goa backline seemed out of place, which Manvir Singh looked to capitalise upon by putting the ball past Arshdeep in the 74th minute.

The goalkeeper, who had kept the most clean sheets in the league before this, made a hasty clearance that Petratos pounced upon and swirled over the custodian to bag the eventual winner of the contest.

BATC: Sindhu & Co shock China 3-2

SHAH ALAM (MALAYSIA): Two-time Olympic medallist PV Sindhu made a winning return from an injury lay-off as India stunned China 3-2 in the women's competition of the Badminton Asia Team Championships. With just two teams in Group W, India were assured of a knock-out round berth even before their opening match. The men's team posted a 4-1 win over Hong Kong to qualify for the knock-out round.

India women go down fighting vs Netherlands

ROURKELA: The Indian women's hockey team put up a much-improved defensive show against Netherlands but lack of sharpness up front saw them lose the FIH Pro League match 0-1 to the World No 1 side here. This was the home team's fifth defeat in six Pro League games so far and it came about thanks to a superb 27th-minute field goal by Albers Felice for the reigning Olympic, world and Pro League champions.

Mooney to captain Gujarat in WPL 2

NEW DELHI: Australia's Beth Mooney will captain Gujarat Giants in the Women's Premier League beginning on February 23, the franchise announced. Mooney was named captain for the inaugural season as well but got injured after the first game and could not take further part in the competition. India all-rounder Sneh Rana had led the side in her absence. Rana has been named vice-captain.

Prime time: Chennai Blitz take on Ahmedabad Defenders in PVL opener

EXPRESS NEWS SERVICE @ Chennai

WITH the third season of the Prime Volleyball League set to begin, all the captains of the nine franchises came face to face in a grand pre-season get-together in Chennai on Wednesday at the Jawaharlal Nehru indoor Stadium, Periyamet.

Defending champions Ahmedabad Defenders will take on hosts Chennai Blitz in the opening clash on Thursday, while last season's runners-up Bengaluru Torpedoes will face the Season 1 winners Kolkata Thunderbolts.

Meanwhile, Chennai captain Akhin GS said his side will have an advantage playing in familiar conditions and will rely on the noise from the fans.

"Dakshinamoorthy sir, who was the coach of the previous season's winners, has joined us this season and this development has been a major boost for us in this championship. We feel confident that we are on the right track entering the first game. We also expect a lot of support from the home crowd and we expect them to pack the stands in huge numbers and make their voices heard. Their support will help us go a long way," said Akhin.

Meanwhile, Ahmedabad skipper Muthusamy Appavu, during the press briefing, made his intentions clear that his team will be gunning to make it two titles in a row.

"There is always pressure when you enter the tournament as the defending champions. It puts a target on your back. But it also motivates the players in equal measure and we are eager to showcase our skills once again. We have a new coach, the vastly-experienced Dragan Mihailovic sir and we have had a tremendous pre-season. Now, it is all about the execution of our plans," he said. All nine teams will play against each other once. By the end of the league stage, the top-five teams with the most points will enter the Super 5's stage. In the Super 5's stage, the five teams will play against each other once. The team with the most points by the end of Super 5's stage will reach the final. The team that finishes second and third in Super 5's stage will compete in the Eliminator match. Winner of Eliminator will be the second team in the final.

Today's matches: Ahmedabad Defenders vs Chennai Blitz @ 6:30 PM; Bengaluru Torpedoes vs Kolkata Thunderbolts @ 8:30 PM.

A curated guide to happenings in the city

PG 2

DAY'S DIARY

New flag design

A new red-and-white maple leaf design was adopted as the flag of Canada, replacing the old Canadian Red Ensign banner, in 1965

PUBLIC CEREMONY

The new maple leaf flag was made official by a proclamation from Queen Elizabeth II. It was inaugurated at Parliament Hill. Thousands gathered as the new flag was hoisted

NEED FOR A NEW DESIGN

In 1960, Lester B Pearson, then leader of the opposition, was determined to solve "the flag problem." He promised to resolve this in time for Canada's centennial celebrations in 1967

A SYMBOL OF PRIDE

The maple leaf emerged in the 19th century as a symbol of Canadian identity and was everywhere in popular culture: books, songs, coins, badges, etc.

From swipe fatigue to mixers and divorce parties, it's a complex relationship with love for B'lureans as we find out

L.O.V.E I.R.L

Participants at various couples' mixers

Love in the middle of traffic in B'luru?

For a city that runs on high octane all the time, traffic can sometimes be excruciatingly slow. But long drives can be a great date option, as revealed in Bumble's recent study that found 40 per cent of Indian Gen-Z respondents prefer going on long drives for dates.

EXPRESS ILLUSTRATION

POOJA DAS

THIS weekend, a 'couple' who married a year or two ago will be throwing a party in Sri Lanka. No...not for their anniversary, instead, it's a divorce party. A smaller version of their sangeet, the parting couple is flying down a hundred of their friends to be part of a gathering that celebrates their 'falling out of love'. And a big name in the music industry who performed at their lavish wedding celebrations has been roped in again to perform at this 'parting party'. "Divorce parties are not exclusive to Bollywood, it's happening among us too," says a friend of the 'couple' attending this celebration of a different kind.

Welcome to today's reality (In Real Life-IRL as it's called) where divorce parties, swipe fatigue, and mixers are part of daily lingo. Rohinie Gupta, a Bengaluruean from the last 15 years celebrated the end of her marriage with her friends and family. "It was a private affair with my family and very close friends. My legal divorce took almost four years, even though it was a mutual one. The four years of separation were very tough and it was just to welcome new beginnings with peace, love, and happiness and there were no hard feelings for my ex," shares Gupta.

Fatigue, and more fatigue

There was a time not long ago when the depiction of love was quite straightforward: girl meets boy, they fall for each other and live happily ever after – or so we assumed. Aside from having a love triangle or family pressure here and there, it seemed to be an open and shut case. But in the last decade, the proliferation of dating apps has redefined the landscape of love and companionship. At the same time, a certain fatigue seems to have set in when it comes to looking for a potential partner, especially on apps. "There's a lot of fatigue, especially after the pandemic. These dating apps offer too many choices. At the end of the day, you're not going to decide until you meet them in real life. And then it might be completely different," says Ashwini Jaisim, founder of The Singles Club India.

Abrar Basith, organiser of singles' mixers from 2020, agrees that there is evident exhaustion from endless swiping on dating apps. "The fatigue is real. I will just quote an attendee – she said being on dating apps is like having a bad part-time job," says Basith with a laugh. He further adds, "The fact that profiles need to be boosted has also made these apps very expensive. Another fundamental issue is the lack of equal ratio of men and women; and fake identities creating a huge amount of trust deficit. People are getting jaded because they are spending more time online on dating apps than actually going out and meeting people."

Ekta Singh, founder of Ekta's Gathering, has been curating singles' mixers, blending art therapy and dance into the dating experience. "People think that if there are singles' mixers, only men will turn up, but when I did the events, women showed up too," shares Singh, who believes that everyone is looking for comfort and a safe space where they can unwind especially after the pandemic – which seems to be a big ask.

Singapore-based singer Sushma Soma's latest album Home – launched in B'luru recently – spreads awareness about environment disasters waiting to happen

Saving our 'Home'

MONIKA MONALISA

SINGER Sushma Soma is extremely excited about her latest album, Home, and why not? It brings two of her favourite passions together – music and environment. Was it a difficult or an easy task? "A bit of both," says the singer, adding, "It was easy in the sense that all my heart was in it. I felt passionate about it and wanted to make this music. So, I was driven to do this. I'm trained in Carnatic music and wanted the music to be inspired from that training. So far, I have never spoken about the environment, climate change or wildlife. I had not expressed rage or disappointment before through music," says Soma, who launched the album in Bengaluru recently.

The album showcases the very important concern that the world is facing, that of food wastage. "The reason I looked at food wastage and its management is because the whole point of Home is to speak about everyday choices and to look into how we can make sustainable choices on a regular basis. I found that one of the things which is common to us as a modern civilisation, whether you're in Singapore, Bengaluru, or New York is food wastage," she says.

Soma has been working on this album for the past two years and now the reaction that the team is receiving is exactly what they had hoped for. "I've received many compliments, but some of the best ones have been that 'This album bothered me so much', 'I could actually only listen to it once', or 'I could only listen to some of the tracks once'. That shows that some of the tracks are not meant to be comfortable to listen to! They are meant to provoke thought, they're meant to make you think," says Soma.

TRANSCENDING MUSIC

You don't have to be an expert in music to realise the kind of wonder that sitarist **Anoushka Shankar** creates once she is on stage. Bengalureans got to witness it up close very recently when the nine-time Grammy-nominated Shankar kickstarted her India tour with a performance in Bengaluru. Being the daughter of a sitar legend like Pandit Ravi Shankar can be a lot of pressure. But not for Shankar who has been handling that right from childhood. Known for her neo-classical music, Shankar's last release was *Chapter 1: Forever, For Now*. She is currently working on *Chapters 2 & 3*. Music has been a great medium for bringing like-minded people like Shankar and Soma together. Co-incidentally, *Grief* from Soma's album, Home was selected by Shankar for the All Queens Playlist on BBC Radio. Shankar and Soma had also worked together in different music festivals. During a quick chat, Shankar says, "Truly beautiful music on Sushma's album - Home. My favourites are *Grief*, and *The Elephant's Funeral*." She further adds, "Sushma is a such a fierce person, very much like her music - which raises a voice of action against the harm caused to Mother nature."

KNOW YOUR CITY

Arun Prasad, city-based history researcher, unravels interesting facts about Bengaluru in this weekly quiz series. So it's time for you to find out how familiar you are with the city, beyond its heritage buildings, IT parks and the pub culture.

THE QUIZ WILL BE PUBLISHED EVERY WEDNESDAY

Send answers to **bengalurucityexpress@gmail.com** with the subject line **'Know Your City Quiz'** Correct answers and names of first three respondents with right answers will be featured in *CE* on Thursday.

THE RIGHT ANSWERS ARE

1) Chamarajpet and Basavanagudi
2) Bull Temple Road
3) CV Raman

FIRST THREE TO GET IT RIGHT

1) R Prabha
2) BR Prakash
3) Dr K Raghavendra Pai

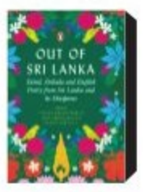
The Great Flap of 1942

By Mukund Padmanabhan

Demonstrates that the Raj cynically encouraged the exodus and contributed to the repeated cycles of rumour, panic and flight. It reveals how the shadow of the Japanese threat influenced the course of nationalist politics, altered British attitudes towards India and charted the course towards Independence.



Out Of Sri Lanka

Edited by Vidyan Ravinthiran, Seni Seneviratne and Shash Trevett

It shines light upon a long-neglected national literature by bringing together Sri Lankan and diasporic poetry written in and after Independence. Features over a 100 poets writing in English, or translated from Tamil and Sinhala.

WHAT WHEN WHY WHERE

Flavours of Kashmir

Indulge in the flavours of the Kashmir Valley as Nalini Sadhu of the popular Matamaal restaurant brings her culinary and cultural expertise to the garden city. The menu includes both vegetarian and non-vegetarian options, prepared with select ingredients foraged from the valleys and hills of the state.

WHEN: Till Feb 18, 6.30 onwards
WHERE: Spice Terrace, JW Marriott Hotel Bengaluru, Vittal Mallya Road
DETAILS: 8884494036

Clay Date

Escape to a world of romance and creativity at the Couples Pottery Workshop, where you join hands with your partner, sculpting your love and connection into beautiful ceramic pieces.

WHEN: Feb 15, 1pm onwards **WHERE:** SmallWorld, Koramangala

QUICK FIX

MACARONI PASTA

Contributed by **Princy Glady,** Chennai

INGREDIENTS

- **Macaroni:** 1 cup
- **Water**
- **Oil:** 1 tsp
- **Onion (small):** 2
- **All purpose flour:** 2 tbsp
- **Chilli flakes**
- **Tomato:** 3
- **Salt**
- **Butter:** 2 tbsp
- **Garlic:** 3
- **Chilli powder:** 1 tbsp
- **Tomato sauce:** 2 tbsp

METHOD

- Blend tomatoes into a purée.
- In a saucepan, boil water. Add salt, oil and macaroni.
- Cook until the macaroni is ready. Drain and set it aside.
- Heat butter in a seperate pan and add in chopped onion, garlic, all purpose flour and sauté for a minute.
- Mix well, pour tomato purée and water. Let it boil.
- Add salt, tomato sauce, chilli powder and chilli flakes to the mix.
- Mix well and cook on simmer. Once done, add in cooked macaroni, and stir it for 2-4 minutes.
- Serve hot.

FIT BIT

BADDHA HASTA PADMASANA CHIN TO FLOOR

(HANDS BOUND LOTUS POSE CHIN TO FLOOR)

This is a beginner level stretch to help develop the mobility of the shoulders and arms. It can be done to release tension in the neck by giving a gentle stretch to the neck. Stretching the shoulders is helpful for professionals who spend long hours hunched over a computer.

STEPS

- Sit with legs stretched out in front keeping the spine erect.
- Bend your right knee and place it on the left thigh. Then, bend your left knee and place it on the right thigh. Make sure that the soles of the feet point upward and the heels are close to the abdomen.
- With both the legs crossed and feet placed on opposite thighs, roll your shoulders back and take the arms behind your back as you inhale.
- Exhale, interlock the fingers behind your back.
- Now, exhale and bend forward placing the chin to the floor. Raise your interlocked hands towards the sky at your back.
- Once comfortable here, stretch your neck down, look towards the floor as you exhale.
- Stay here for 4-6 deep breaths. Keep focusing on your breath.
- To release, exhale and loosen the arms, come back to the original position and relax.

BENEFITS

- Stretches shoulders, biceps, triceps, arms, wrists, neck, and pectoralis muscle.
- Lengthens the spine, and strengthens the supporting muscles of the upper back.
- Develops the mobility of the shoulders.
- Helps to stretch the front of the shoulder and chest.
- Improves breathing by lifting the ribs and creating more space for lungs to expand.
- Strengthens the surrounding muscles to enhance the appearance of the chest.
- Great heart and shoulder opener that counteracts slouched and hunched posture.
- Those with cervical issues with chronic neck and shoulder pain may find great relief.
- Great warm-up for swimmers, tennis or badminton players, javelin throw players, bowlers, labourers, artists, and homemakers.
- Gives great range of motion to the arms and to build strength and support in the rotator cuff muscles.

LIMITATIONS

People who have shoulder, wrist, elbow, knee, hip or ankle injuries or have had surgeries, avoid.

Instability due to rotator cuff tears, tendonitis, arthritis, or if you feel any pain in the shoulders, avoid shoulder stretch.

By N Elumalai, PhD Scholar (Yoga Science) at Meenakshi Academy of Higher Education & Research, Chennai

NOW STREAMING

REGIONAL

CAPTAIN MILLER (Tamil)

A renegade Captain and his unconventional outlaws execute daring heists in the 1930s and 1940s. Miller must decide whether to continue running or confront the challenges head-on.

With news of King Charles III's cancer diagnosis making headlines, the pressing need to understand and combat the risks of the male population towards the disease has never been more urgent

BATTLING THE BIG C

DR DINESH MG

IN a world where health is wealth, vigilance against cancer reigns supreme. With news of **King Charles III**'s cancer diagnosis making headlines, the pressing need to understand and combat the risks of the male population towards the disease has never been more urgent. From prostate to lung cancer alike, recognising the signs, symptoms, and crucial preventive measures is imperative to overall wellness.

Risks You Need to Understand

Men are susceptible to a variety of cancer types, each influenced by its array of risk factors. Prostate cancer is one of the most common among men, often occurring in increasing severity with age. Yet alongside it, lung cancer ranks highly and is often connected to smoking habits and/or exposure to harmful pollutants. Though rarely occurring, testicular cancer primarily affects young men. Furthermore, colorectal cancer, skin cancer and following a cancer diagnosis, melanoma skin cancer is also prevalent among males.

Recognising Signs

As with most cancers, early detection provides the optimal conditions for successful cancer treatment. Men must therefore educate themselves about the tell-tale signs and symptoms; for prostate cancer, this may include blood in the urine, frequent urination, or discomfort in the pelvic region while lung cancer often presents as chest pain, persistent coughing, or unexplained weight loss. Testicular cancer, in turn, may include a lump or swelling in the testicles, which men would notice if they perhaps were in the habit of doing testicular self-examinations. Changes in existing moles or lesions, particularly new ones, should set off warning bells about melanoma and of course, colorectal cancer may be suggested if a man has noticed blood in his stool or has had unusual changes in bowel habits. Lastly, blood in the urine may be indicative of bladder cancer.

Embracing a Healthy Lifestyle

Living healthfully to prevent cancer is not so different from living healthfully in general. Aim to be physically active throughout the week with activities such as walking in a park or working out with a friend; filling your meals with plant foods like colourful fruits and veggies, lean protein, and whole grains with fibre; staying well-hydrated; getting quality sleep; and chilling out with deep breaths, meditation, or activities you love.

Staying Vigilant

Aside from adopting a healthy lifestyle, be sure to stay vigilant. Regular health checkups and screenings by a healthcare professional can catch cancer in its earliest stages when treatment is most effective. If you notice any troubling symptoms or changes in your body, you should discuss these with your healthcare professional. Health is the greatest asset one could have, and protecting it means making wise choices that help safeguard it as much as possible.

(The writer is consultant and head - surgical oncology, SPARSH Hospital)

Managing epilepsy

VENNAPUSALA RAMYA

APPROXIMATELY 50 million individuals are affected by epilepsy globally, according to the World Health Organization (WHO). Due to a lack of knowledge, people often fail to take care of those with this condition. To address this, International Epilepsy Day is observed on the second Monday of February.

Epilepsy is a neurological disorder characterised by recurrent seizures. Uncontrollable jerking, shaking movements, loss of consciousness, confusion, sudden falls, staring spells, and difficulty in speaking are the symptoms.

The causes of epilepsy include genetic factors, brain injury or infection, abnormal brain development, brainumours, stroke or other vascular diseases, and exposure to toxins or substances that affect the brain. The cause of epilepsy depends on the age of onset of seizures. For example, perinatal injury, respiratory distress, hypoglycemia, hypocalcemia, brain infections, and haemorrhage are common causes in newborns, while febrile seizures are common in preschool children. Temporal lobe epilepsies are common in adolescents and younger adults, while strokes, head injuries, and brain tumours are causes in the elderly.

Taking care of people with epilepsy

While there is no guaranteed way to prevent epilepsy, Dr Srinivas Botla, senior consultant neurosurgeon, suggests steps one can take to reduce the risk. These include using seat belts, child passenger seats, and wearing helmets, preventing falls by installing grab bars in bathrooms, using non-slip mats, and avoiding walking on wet surfaces. "A diet with fruits, vegetables, and whole grains can help reduce the risk of chronic diseases that can contribute to epilepsy. Exercise can help improve health, reducing the risk of epilepsy. Sleep deprivation is a trigger for seizures, so seven to eight hours of sleep per night is recommended. Managing stress through yoga and meditation is important. Alcohol and drugs lower the seizure threshold."

Dr A Soumya Reddy, consultant neurologist, says, "Management of psychosocial issues is as important as treating epilepsy, and adequate counselling helps boost confidence. Evaluation and treatment of anxiety, depression, and quality of life may require the involvement of psychiatrists."

Additionally, Dr Reddy advises patients with seizures to avoid activities like driving and swimming, working at heights, etc. "They should comply with their medications. In the event of a seizure at home, bystanders should remain calm and help the patient lie in a sideways position without tightly holding their limbs. Recording the seizure event on a phone can help the treating physician. A patient experiencing a prolonged seizure lasting more than five minutes, termed status epilepticus, requires immediate hospitalisation in the ICU for stabilisation."

Dr Botla highlights the efficacy of the Ketogenic Diet (KD) - a high-fat, low-carbohydrate diet for seizure reduction, the Modified Atkins Diet (MAD) for improved compliance, and the Mediterranean Diet for potential benefits in epilepsy management.

NUGGETS

City healthcare centre unveils rehabilitation centre

Narayana Health announced the inauguration of its advanced Rehabilitation Centre at Hebbagodi in Electronic City recently. This facility provides comprehensive care for patients requiring advanced rehabilitation services following an acute illness. Highlighting the key features of the centre, Dr Devi Shetty said, "Our rehabilitation facility is very unique. The centre offers cutting-edge, cost-effective rehabilitation, catering to both in-patient and out-patient needs. What sets us apart is the seamless integration of clinical support from our multispecialty centre with rehabilitation that is done in a very serene environment conducive to healing. This ensures a continuum of care rarely found elsewhere. The initiative is a hallmark of our commitment to provide comprehensive care and to constantly improve our patient outcomes."

'I AM GRATEFUL TO BE CAST IN FILMS BASED ON MY TALENT'

...says Deekshith Shetty, as he talks about his latest outing *KTM*, which is out this week, and expanding horizons to different languages, and more

A still from the film

Deekshith Shetty

A SHARADHAA

For any actor, the journey from small screens to films is often considered a daunting leap. Deekshith Shetty is one of the few actors who have successfully made this jump. Known for his roles in television serials and reality shows, making his mark with a parallel lead character in Dia was a breakthrough. Deekshith attributes his upcoming stint as a hero in Kannada cinema to the opportunities he got because of his serial career.

"It is every dream of a serial artist to see himself on the big screen," Deekshith shares. "Since we don't have the direct route to get there, we start with the small screen, followed by small roles, before making our debut on the silver screen."

Deekshith is now gearing up for his second release, *KTM*, in Kannada after a four-year gap since the release of Dia. He sheds light on the challenges he faced during this hiatus. "The four-year gap between my two Kannada films has certainly raised questions about my existence in the industry," he admits. "But the rushes of my upcoming film, *KTM*, provided all the answers. People realised why I took time and appreciated it. There is a lot of discussion about the film, which sees its release on February 16."

Speaking of *KTM*, directed by Arun, and starring Sanjana Doss as the female lead, Deekshith elaborates, "This is a 10-year journey of the character Karthik, starting from the age of 17. Each look represents a different phase of his life, and I have worked on each shade to authentically portray these variations. If I want people to travel with my character, I have to go through the various looks. Playing these variations helped me bring out the inner acting nuances, which were required for the role."

Asked about the significance of the title *KTM* and its relation to the characters Karthik and Mercy, Deekshith teases, "To know what the 'T' stands for, viewers will have to wait until the climax of the film."

Moving beyond the romantic storyline of *KTM*, Deekshith highlights the film's exploration of various relationships and social themes. "*KTM* is a love story, but it also delves into themes of family, social responsibility, and friendship," he notes. "The tagline 'Rise in Love' underlines the film's core message, which will catch the attention of the audiences, especially the youth."

Apart from striving to make it big in Kannada cinema, Deekshith is equally engaged in other industries including Telugu, Malayalam, and Tamil. "Whether it is working with Rashmika Mandanna or Keerthy Suresh, I am grateful to be selected based on my talent," he says, and adds, "These opportunities come with their own set of responsibilities, but I am eager to explore diverse roles and stories." Deekshith's lineup includes Blink, which is ready for release, and *Bank of Bhagya Lakshmi*, which is in production. He also has a project in the making with the makers of *Dasara*. Apart from that, he is making his debut in Malayalam and has completed shooting for an anthology in Tamil. Additionally, he has completed a web series directed by Ramana Tej, which will be out on Disney+ Hotstar. "As I am enjoying this space, I hope to continue being part of meaningful Kannada films while remaining open to new opportunities and challenges," he signs off.

SATYA PRAKASH TO LEAD COMEDY FILM TITLED X&Y

CE FEATURES

Award-winning director Satya Prakash, known for *Rama Rama Re*, *Ondalla Eradalla*, and *Man of the Match*, is now working on his fourth film. The upcoming project comes with an interesting title, *X & Y*, and sees the filmmaker donning multiple roles. Satya, who wears the director's hat apart from producing the film, will now face the camera for the first time in a lead role. The team, which is currently shooting, has unveiled the first-look poster and a teaser. The poster shows the actor holding a helmet in his hands while being surrounded by a sea of sperms.

"This story focuses on today's generation—those who have become, are becoming, or want to become fathers and mothers. It also delves into the lives of today's boys, girls, and children," says Satya, adding, "It falls under the genre of comedy, bringing in compassionate ideas that make you laugh and enjoy watching the film. The first schedule of the shoot is complete, and preparations are underway for the second."

The film features music by Vasuki-Vaibhav, cinematography by Lavith, editing by BS Kemparaju, and art direction by Varadaraj Kamath. The cast includes Atharva Prakash, Brinda Acharya, Ayana, Sundar Veena, Veena Sundar, and Doddanna, among others.

'I AM 50-FILMS-OLD, BUT I HAVE NOT RETIRED'

...says veteran director S Narayan, as he shares insights about his upcoming film *5D*, which is based on blood mafia

CE FEATURES

5D hitting the theatres this week is special for a couple of reasons. It is a milestone for veteran director Kala Samrat S Narayan and actor Aditya's 25th film. The crime thriller marks Narayan's return to direction after a hiatus.

Having directed legendary actors like Dr. Rajkumar, Vishnuvardhan, and Ambareesh among others, he feels that working on 50 films is only an earmark. "Anybody who wants to see success should consider each film as a step forward. I want to do a lot of films, and working with various actors is only an inspiration and blessing," says the director, adding, "I am 50-films-old, but I have not retired." Does he think demand becomes less for senior directors, especially in the Kannada industry? "It is a foolish mindset. Creative work doesn't have retirement. Writers and directors are into it till the end," says Narayan, who cites examples of director Raj Kapoor, who shot Bobby at the age of 70 years. "I claim myself lucky that I got to work with legends at a very young age. But despite the experience, I still feel young. My thinking doesn't fade with age. I am planning to helm my 100th film at the age of 75, and I am confident about it."

Narayanan shares the same excitement even while working with young actors. "I don't count the success I got in my last outing, I only think of what I can score in my current film. Every actor has a hidden talent, and I want to travel with them."

Talking about *5D*, Narayan says it is a typical script about blood mafia. "We have drug mafia and many other organised crimes, but I was shocked that there is a blood mafia too. I have brought out that through this film. I have based *5D* on evidence and facts. I hope the system will take action after they watch this film. This is a new genre for me and it works well for the present generation and all ages because every drop of blood is valued."

Produced by Swathi Kumar for the banner One to Hundred, *5D* is co-directed by his son, Pankha. Starring Adiya Prabhudeva as the female lead, the film features Narayan in a pivotal role and also has him as a music composer and lyricist as well.

'We always draw from what we observe'

...says Sandeep Sunkad, an engineer-turned-director as he discusses his debut with *Shakhahaari* and the involvement of actor Rangayana Raghu in the film

CE FEATURES

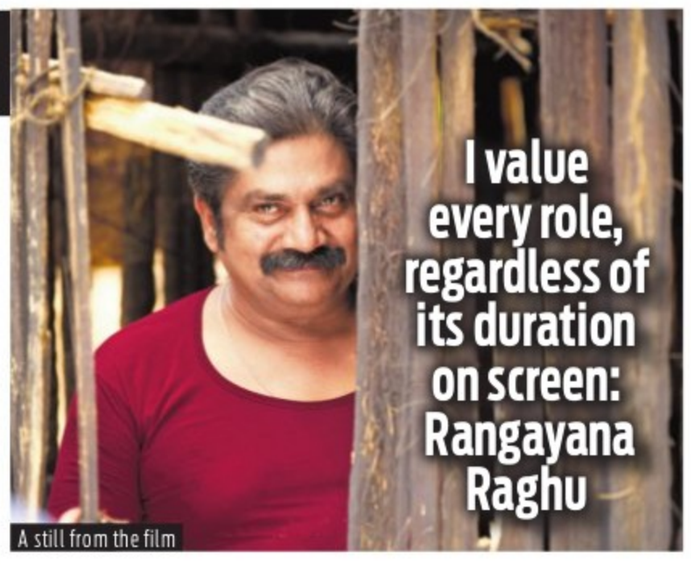
Sandeep Sunkad, hailing from Shivamogga, is not your typical film director. An engineering graduate who initially pursued a career as an electronic engineer took a dive into the film industry in 2016. Since then, he's explored various facets of the industry, from working on government documentaries to corporate films, to even trying his hand in the hotel business. Today, his technical background has come in handy to aid his artistic expression in his directorial debut, *Shakhahaari*.

"My experiences while travelling for work and my avid reading have helped me understand storytelling. The time that I spent in the industry has also honed my craft," Sandeep shares. *Shakhahaari* delves into the reactions of ordinary people when faced with unexpected circumstances and challenges, in the heat of the moment. "It is an emotional crime thriller," Sandeep explains, setting the stage for a gripping narrative. "The entire film is set against the backdrop of a remote village in Thirthahalli, revolving around a hotel as its central theme," he says.

For an engineer-turned-director, there is a constant curiosity around fresh perspectives that a newcomer brings with them. "New stories always reveal fresh layers, but they often have a familiar hook, drawing from what we observe in our surroundings. The freshness lies in the approach and perspective," Sandeep muses. One of the film's highlights is the presence of veteran actor Rangayana Raghu, whose intense portrayal adds depth to the storyline. "Rangayana Raghu's involvement was pivotal. His character speaks little, but his presence is immensely impactful," Sandeep reveals, and further emphasises, "I needed a face that didn't carry a predefined image. Age was also a factor, but more importantly, I sought someone with the strength to pull off this character, and Rangayana Raghu fit the bill perfectly."

The film comes with a strong ensemble cast, including Gopal Krishna Deshpande, Sujay Shashty, Harini Shrikanth, Nidhi Hegde, Shreeharsha Gobhat, and Parthima Nayak in pivotal roles. *Shakhahaari*, produced by Keelambi Media, has Vishwajith Rao behind the camera, Shashank Narayan in the editing room, and Mayur Ambekallu composing the music.

Sandeep Sunkad



A still from the film

Actor Rangayana Raghu has a slew of films in the pipeline all set for release back-to-back. His career graph has marked a significant shift from him playing character artists to leading a film in recent projects like Rangasamudra and Just Pass. His latest addition to the lineup is *Shakhahaari*. "I value every role, regardless of its duration on screen," says Rangayana Raghu, reflecting on his diverse acting journey. "Having been a theatre artist, I don't see the difference. Whether it's three days, ten days, or even 25 days of shooting, what matters most is the essence of the character and the story that it contributes."

In *Shakhahaari*, Rangayana Raghu portrays Subbanna, a character driven by the desire to create a better world. "Subbanna's journey is about striving to realise his vision of a beautiful world," he explains, hinting at the depth of his character's motivations.

Known for his versatility and dedication to each role, the actor underlines the importance of thorough preparation for every role. "I always ensure to do my homework and mentally immerse myself in the character," he notes, adding that he values the commitment to deliver authentic performances.

Despite his busy schedule, Rangayana Raghu remains enthusiastic about his upcoming projects. "I have some interesting films lined up which include Moorne Krishnappa and Agnathavasi. Each project has offered me the opportunity to explore diverse roles and challenge myself creatively," he says.
